VOL. XLVIII. CORSICANA, TEXAS, TUESDAY, JANUARY 9, 1934. NO. 117.

400 MEN GIVEN EMPLOYMENT

SENATE IS SEEKING INFORMATION FROM ADMINISTRATION

REPORT SOUGHT FROM SECRETARY WALLACE ON OPERATION PROCESSING TAX

WASHINGTON, Jan. 8.—(AP)—The senate proceeded to ask the administration more questions about its polices today, before undertaking consideration of the huge batch of nominations already accumulated. The house, meanwhile, worked quietly on miscellaneous, secondary business.

On motion of Senator Vandenberg (R-Mich) and without debate, the senate sought a report from Secretary Wallace on operation of the processing taxes by which acreage reduction plans of the agriculaural adjustment administration are being financed.

Previously the senators, at the behest of Borah (R-Ida), directed the treasury to inform it on the status of war debt payments.

Confirmation of Henry Morgenthau, Jr., as secretary of the treasury was expected later in the day. Without waiting for action on that nomination, President Roosevelt in early afternoon forwarded a number of other names—including W. M. W. Splawn of Texas—to the Interstate Commerce Commission.

The senate also adopted the Carey resolution asking Wallace the reasons for the "sharp decline" in hog prices between October 18 and November 3, the latter part of November and during December.

Representative Byrns, the democratic leader, let it be known that he expects the President's first major recommendation to deal with federal guarantee of home loan and farm mortgage bonds. Pending such important business,

(Continued on Page Two)

Labor Optimistic But Fears Money To Be Inflated

WASHINGTON, Jan. 8.—(AP)—Business year prospects for 1934 were pictured today by the American Federation of Labor as "brighter" but "overshadowed by a danger which may destroy all progress made — inflation by fiat money."

"Fear of inflation is the chief obstacle to restoration of confidence at present," the federation said in an annual review.

The labor organization estimated 6,400,000 persons had been put to work largely as a result of government measures, but added that in November 10,702,000 workers remained unemployed and that civil works administration funds giving temporary work to 4,000,000 persons would be exhausted by February 15.

TREASURY HEAD AND "KINGFISH"

Although Senator Huey P. Long (right), of Louisiana, complained of the manner in which Secretary of the Treasury Henry Morgenthau handled his job when he was Acting Secretary, the Louisiana "Kingfish" greets the Treasury head warmly as the latter appears before the Senate Finance Committee for examination preparatory to sending his nomination to Senate floor for confirmation.

Missing Founder Defunct Pawnshop Kills Himself

CHAMONIX, France, Jan. 8.—(AP)—Serge "Handsome Alex" Stavisky, alleged $40,000,000 swindler, shot himself in the head today when police surrounded him in a hidden Villa. He was at first thought to have died instantly but a hastily summoned physician found a sign of life.

A battle immediately was begun to save Stavisky from death in order to turn him over for trial.

Applicationss of restorative brought apparent consciousness to the man who had been sought for two weeks following the collapse of the Bayonne Pawnshop which he founded.

Later, however, he lapsed into a coma and the doctor said he feared the wound was mortal.

Stavinsky was living alone in one room of a villa in the foothills of the French Alps.

The secret service traced him there and its agents entered the unheated house. No signs of life had been seen about it.

One room, later found to be the only heated quarter in the villa, was found locked. The agents knocked at the door. There was no answer.

Convinced that Handsome Alex must be inside, they smashed down the door.

Stavinsky was there. As the police burst into his hiding place he placed a gun to his head and fired.

ERROR IN HEADING REPORTING MEETING CITY COMMISSION

WATER SOFTENER BEEN IN CONTINUOUS OPERATION SINCE COMPLETION

Inadvertently an error was permitted to be printed in the heading on the account of the meeting of the Corsicana city commission appearing in Wednesday's issue of the Corsicana Daily Sun, whch has resulted in considerable misapprehension on the part of the general public.

The headline read: "City Relinquishes Municipal Airport Lease to Stroube—New Power Contract; Water Softener is Not in Operation Now." The last clause was in error—the water softener is in operation and has been continuously since its completion several months ago—and this correction is gladly made. The story under the headline made no mention of such a fact but carried an account of questions asked concerning the hardness of the water propounded by Dr. R. C. Curtis, finance, park and cemetery commissioner.

City officials stated Saturday that the softening plant had been continuously in operation since its completion and that an average hardness of eight grains had been maintained in the water in the city mains for more than 21 months, this water condition comparing favorably with the hardness of water in a majority of the towns of the Southwest

The city sanitary engineer has reported that the raw water at the lake has a hardness of 14 grains, and by the alum and soda ash treatments the hardness is almost halved and that degree maintained consistently approximating eight grains. For a short time recently the soda ash treatment was suspended as an economy measure and the water attained a hardness of about nine grains, but the treatment was resumed shortly and the water returned to its normal condition.

MILK DELIVERIES IN CHICAGO HALTED BY VIOLENCE TODAY

DUMPING OF MILK SPREAD FROM HIGHWAYS INTO THE BIG CITY ITSELF

CHICAGO, Jan. 8.—(AP)—Milk deliveries were halted in Chicago today as violence flared over a 100 mile area in a dairymen's strike against reduced prices.

Dumping of milk spread from highways surrounding Chicago and reached into the city itself. Independent retail dealers who attempted to deliver milk had their trucks tipped over or the contents spilled into sewers.

With both producers and distributors anxious to settle the strike, conferences were held to devise mans of meeting the farmers' demands, a guaranted basic price of $1.85 a hundred pounds.

The most serious reports of violence came from Wisconsin, where interference with railroad trains hauling milk was reported. Sheriff Clarence Erickson reported finding obstructions on tracks of the Northwestern road in Kenosha county and near the Wisconsin-Illinois line.

Attempts were made at Lyons and Sturtivant, Wis., to dump 48,000 pounds of milk from a refrigerator car. Trainmen told of hearing a shot fired Saturday night in Kenosha, Wis.

Hundreds of thousands of gallons of milk were dumped on the highways. The blockade into Chicago was reported nearly 100 per cent effective.

CHICAGO, Jan. 8.—(AP)—A possibility of peace loomed today in Chicago's milk strike.

It came in the form of a pro-

(Continued on Page Two)

France Loosens Up Its American Import Quotas

PARIS, Jan. 8.—(AP)—France agreed today to increase threefold the quotas on American products as announced at the first year.

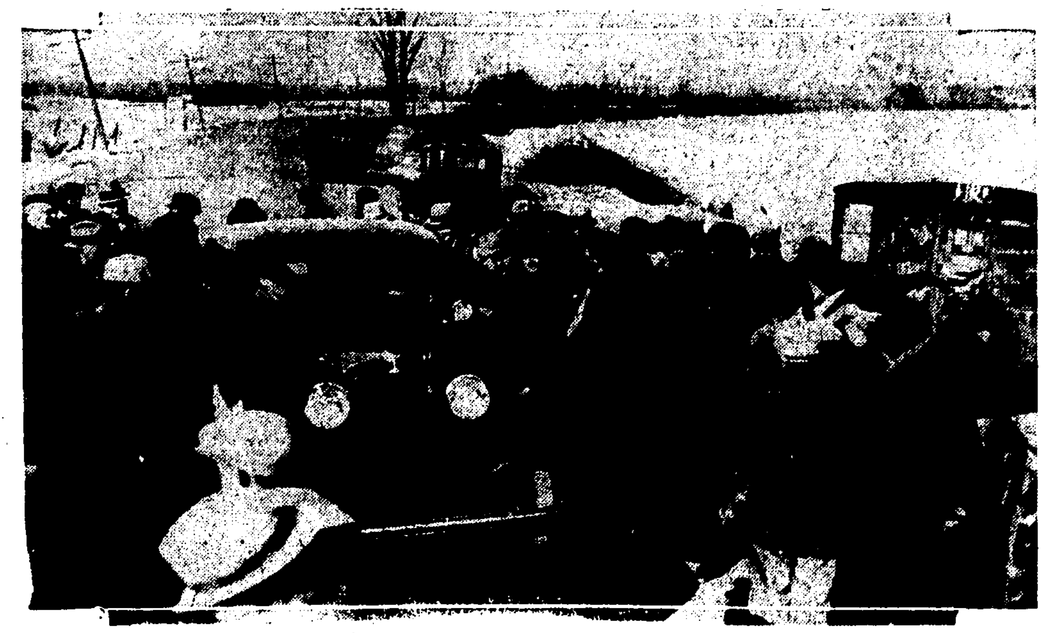
The United States embassy announced the conclusion of this arrangement whereby the United States will be exempted from the French policy to reserve three-quarters of its import quotas for bargaining purposes.

While the announced arrangement does not give full satisfaciton to American business interests, it restores the quotas as they affect the United States to the figures of 1932.

The auomobile imports still are hit as the quota is based on 1932 figures which were smaller than the 1933 motor imports.

The agreement excludes apples, pears, mechanical tools other than those for agriculture, lamps, and radio apparatus from the bargaining quotas.

STRIKE AFFECTS CHICAGO'S MILK SUPPLY



Farmers who daily send approximately 4,000,000 pounds of milk into Chicago began their long threatened strike Saturday morning. The picture shows farm pickets stopping a car on a Wisconsin road, near the Illinois line, to ascertain whether it contains milk.

ANOTHER BIG SHOT IN OKLAHOMA'S LIST CRIMINALS CAPTURED

ELMER INMAN, PAL OF KIMES AND UNDERHILL, WOUNDED AND LATER JAILED

OKLAHOMA CITY, Jan. 8.—(AP)—Elusive Elmer Inman, who assumed the rule of Oqlahoma's No. 1 desperado when his gang chief, Matt Kimes, was sentenced to life for murder and recently allegedly teamed with Wilbur Underhill, the late "Tri-State terror" was behind the bars again today.

Since May 20, last year, when he completed a two-year sentence for burglary in Rogers county, Inman was free. However, shortly after Underhill died in States' prison from 13 bullet wounds received in a gunfight with officers at Shawnee Dec. 30, Inman was wounded and captured near Bowlegs, yesterday.

He was brought here, accused of taking part in the attempted burglary of the First National Bank of Harrah, Dec. 11, a crime confessed by Underhill. Even as Inman was being brought from Wewoka, the body of Underhill was placed aboard a train for Joplin, Mo., where the remains of the killer will be buried.

Arrested with Inman was Grace Cunningham, a Seminole underworld character, but a second man who broke away from the posse escaped, his identity unknown.

Inman also is wanted in connection with the robbery Dec. 13 of a Colgate bank, another raid the dying Underhill admitted he captained.

The debonair Inman, who began his criminal career by embezzling from his employer, an Arkansas City, Kas., jeweler, gained further notoriety by eloping with the daughter of the Kansas Warden, Lavona Codding, marrying

Advance Buying Of Spring Shoes Reported Heavy

ST. LOUIS, Jan. 8.—(AP)—Advance buying of spring shoes was reported the heaviest in years today as the annual convention of the National Shoe Retailers association opened here today.

Shoe men commented particularly on the great demand this season for white shoes for both men and women, which has come earlier this season than ever before.

The tie shoe is leading the style in women's shoes. The ties have one or two eyelets, but range up to as many as four or five. Materials are mostly of rough or suede effect leathers. The pump is next in popularity and then come sandals.

CALDWELL DEFENSE PREPARING MOTION FOR CONTINUANCE

WAXAHACHIE, Jan. 8.—(AP)—The defense was granted time to prepare a motion for a continuance, based on absence of four witnesses, today when the second trial of Currie Caldwell, 25, of Corsicana on charges of assault while masked or in disguise, in connection with the kidnaping of Robert Cerf, 27, son of a Corsicana banker, was called in district court.

The defense also indicated it would offer a motion to quash the indictment on the ground that duplicity was indicated. At his first trial two years ago, Caldwell was senenced to 12 years but the decision was reversed by the appellate court on the ground of duplicity of the court's charge to the jury.

"The State," said Henry Tiery, assistant district attorney of Dallas and formerly county attorney of Ellis county, "is going to do its best to go to trial."

LARGE SUM TO BE EXPENDED AT LAKE IN BEAUTIFICATION

BOAT HOUSE, FISHING PEER AND PICNIC SHELTERS ARE INCLUDED

Taking advantage of every possible working day in an effort to complete a large undertaking before the deadline of February 15, work was started Saturday afternoon on the beautification of the grounds around Lake Halbert by the CWA forces of Corsicana about forty-eight hours after the project had been approved in Austin on Thursday.

Beginning Monday morning 400 men working in three shifts started on actual work on the project which has not yet been completely planned. Arrangements were made Saturday afternoon for 35 gravel trucks to begin the moving of dirt and the hauling of gravel for the construction of the road around the northwest portion of Lake Halbert. The road was staked out Sunday by the engineering staff so that no time would be lost, and work was started on the grading Monday. with all available city machinery, and practically all men on the work lists massed for the job.

Officials Arrive.

T. D. Broad, CWA parks inspector, arrived in Corsicana Saturday afternoon, accompanied by J. B. Davies of Fort Worth, CWA superintendent, who will have charge of the Corsicana project, and the remainder of the administrative staff constituting of an architectural inspector, and instrument man, a toll checker and a time clerk were slated to arrive Mon

SOCIALLY PROMINENT WOMAN CHARGED IN POISON CANDY CASE

MRS. SARAH O. HOBART ACCUSED OF SENDING WAR-DISABLED BROTHER BOX

TROY, N. Y., Jan. 8.—(AP)—Accused of sending poisoned candy through the mail to her war disabled brother, Mrs. Sarah O. Hobart, 52-year-old socially prominent Troy matron, awaited without emotion today extradition to Philadelphia to answer the charge on which she was indicted by a federal grand jury last Friday.

Mrs. Hobart, wife of an engineer and mother of six, showed no concern when arrested Saturday at her home by government agents and state troopers as the climax ot a six weeks' investigation. She was expected to be released in $10,000 bail today preparatory to leaving for Philadelphia for arraignment on Wednesday.

The brother to whom Mrs. Hobart is accused of sending the candy is Harrington Fitzgerald, Jr., 34, a patient in the veterans' hospital at Coatesville, Pa. He was wounded and gassed during the World War.

The candy is supposed to have made ill two patients and three attendants with whom Fitzgerald shared it. All recovered.

Suspicion was first directed to Troy because insurance policies totaling $60,000 had been taken out on Fitzgerald's life by persons there named in the policies as beneficiaries, according to J. Edgar Hoover, director of the federal investigation.

Then, with the locale of the chocolate' source considered established, the investigators subjected the candy box, wrapper and tin container to laboratory scrutiny. A card bearing the name "Bertha" that was in the package and the

Cuban Military Leader Planning to Meet New Revolt

HAVANA, Jan. 8.—(AP)—Colonel Fulgencio Batista, commander in chief of the Cuban army, made active preparations today to meet a threatened revolution.

Several officers were transferrd in an island-wide army shakeup designed, acocrding to military authorities, to "strengthen our position."

Meanwhile, it was learned that Colonel Batista had contracted with four American pilots to act as instructors for the government aviation force.

President Ramon Grau San Martin announced he had signed a decree providing for the return to American owners of Chaparra and Delicias sugar properties seized by lawless bands in recent disturbances.

Although asserting he had "always been favorable to patriotic agreement," President Grau nevertheless denied rports that an agreement," President Grau new which he would give way to Colonel Carlos Medieta, natinonalist party leader, had been reached.

TOTAL INSURED FIRE LOSSES CORSICANA FOR 1933 DROPPED LOWEST IN LAST TWENTY YEARS

Total insured fire losses in Corsicana during 1933 dropped to the lowest figure in the last twenty years, according to available records, Fire Chief Elmer Keith reported Monday, and local insurers may expect a 6 per cent credit and perhaps a 9 per cent.

Insured losses for the past year amounted to $20,188.18 within the city limits, and total losses in the same area amounted to approximately $26,000.

During the past two years Corsicana has been paying the maximum penalty of 15 per cent additional on each insurance policy because of a poor fire record, but with the gain made this year and last year, fire department officials have pointed out that a credit of 6 per cent is almost assured and a 9 per cent credit is possible, reducing the total penalty to 9 or 6 per cent.

The penalties or credits are figured on the fire loss record for a three-year period, and with two good years to their credit, citizens of Corsicana should devote every effort toward repeating the 1933 record in 1934 if possible, Chief Keith said in discussing the situation. With another low fire loss record in 1934, Corsicana citizens may entirely eliminate the penalty and secure a neat credit on their annual premiums.

The 1930 total losses of $135,803.68 will be dropped from the three-year average this year, leaving the record to be based on the 1931 totals of $169,614.46, 1932 figures of $[illegible]2,482.61, plus the 1933 figures of $20,188.18. The end of 1934 will see one of the heaviest loss records in the history of Corsicana dropped and considerable saving handed to policy holders in their premiums. The average fire loss in Corsicana for several years has been about $80,000 per year.

TWO CHILDREN ARE FATALLY INJURED AS TRAIN HIT BUS

SCORE OF OTHER CHILDREN IN MISSISSIPPI SCHOOL BUS WERE INJURED

BASSFIELD, Miss., Jan. 8.—(AP)—Two children were fatally injured and a score of others were hurt, several seriously, today when a Mississippi Central passenger train crashed into a school bus which apparently had stalled on the tracks near the Bassfield station.

There were 46 children in the bus, ranging in age from 7 to 18 years, all residents of the Goodhope community and all pupils at the Bassfield consolidated school, including the driver, Ernest Williamson, 18.

The impact of the train demolished the bus, which was carried [illegible]0 feet down the right of way before the train could be stopped.

Screams of the children, some of whom were thrown from the vehicle by the force of the crash, brought quick aid and the young victims were removed from the wreckage and the more seriously injured sent to hospitals, principally at Columbia, Miss. Others were treated in the Bassfield depot.

The two almost instantly killed, [illegible]ing in the rear seats of the

MRS. ETHEL HOOK NAMED ASSISTANT DISTRICT ATTORNEY

MEMBERS OF COUNTY HOSPITAL BOARD ARE RE-ELECTED BY COURT

Three members of the P. and S. Hospital board were re-appointed for two year terms and the application of Cleo G. Miller, criminal district attorney for the appointment of Mrs. Ethel Hook as assistant criminal district attorney, was granted at the meeting of the Navarro county commissioners court Monday morning. An afternoon session is being held for the consideration of the appointment of a janitor, county farm superintendent and other officers and for the presentation of claims and bills.

Board Re-Elected.

Wade Smith, vice president, Corsicana; C. L. Tillman, Blooming Grove; and Zack Banks, Powell, members of the hospital board, whose terms expire, were re-appointed Monday. Other members of the board whose terms expire in 1935 ar Dr. Leslie E. Kelton, Jr., president; J. N. Garitty, secretary; and Dr. S. H. Burnett, all of Corsicana.

With the appointment of the new assistant criminal district at-

TELETYPE MACHINES OPERATING

* * * * * * * * * *

IN SUN OFFICE 6 YEARS; CARRY

* * * * * * * * * *

WORLD ASSOCIATED PRESS NEWS

If Mr. Average Business Man had a stenographer who could produce approximately 43,000 words each twelve-hour working day, every day in the year including Sundays and holidays, with less than an hour's lost time annually and without having to give any instructions, he would think that the millenium had arrived and "Prosperity Corner," long-sought, had finally been turned.

Today the Corsicana Daily Sun celebrated the sixth birthday of the automatic printers or teletype machines that bring the full leased-wire report of the Associated Press to the people of Corsicana and vicinity daily. On January 8, 1928 these machines were placed in service, replacing the old Morse method with an oprator at each station. When first installed the machines were geared to produce forty words per minute, but in midsummer of 1931 the speed was increased to sixty words per minute and they have performed at that rate since.

World News Gathered.

From all over the face of the globe, news is gathered and transmitted to central points and then forwarded immediately to the various Associated Press members numbering more than 1300 in the United States alone, within a few minutes after the news leaves the point of origin by means of a gigantic system of leased wires and printer units. During the six years the machines have been in service in Corsicana, service interruptions due to wire trouble or mechanical trouble has not totalled more than one hour per year, a remarkable record for any device.

The machines are owned by the Associated Press and are maintained in Texas by the Southwestern Bell Telephone Company. A major portion of the credit for the excellent service record of the Corsicana machines is due W. N. McCoin, printer maintenance man for the Corsicana district.

Production of these machines is approximately 43,000 words per day or 15,768,000 words annually—but these figures in themselves mean little; translated into the terms of newspaper columns, however, some idea is gained of the work that they do—for 43,000 words is approximately five and a half newspaper pages of solid reading matter with no advertisements, or illustrations each day, or more than 2,000 pages per year.

Sending Units.

In addition to the receiving duties of the machine, those in the Daily Sun office are also equipped with sending units which enables the immediate distribution of news originating in Corsicana to all parts of the state without the necessity of the intervention of an intermediary. The sending units were installed in March 1932, and have been used daily since that time, establishing for Corsicana a reputation as being one of the best news sources in Texas, as well as bringing the name of the city constantly before the readers of the southwest and the entire nation. Corsicana is the only city on the day state wire outside of the metropolitan centers in Texas in which a sending unit is maintained.

The teletype machines which have produced this remarkable record are simple in construction and operation, and for the most part consist of electrically operated typewriters. A cordial invitation to see the machines in operation is extended to Daily Sun readers from 3 to 5 o'clock each afternoon except Sunday, when the machines are in operation from 4 to 5 p.m.

AMERICAN LEGION ASKS RESTORATION VETERANS' BENEFITS

MODERATION MARKS NEW REQUEST SENATOR REED TOLD SENATE MONDAY

WASHINGTON, Jan. 8.—(AP)—The American Legion's four-point program for restoring veterans' benefits was put before congress today by Senator Reed (R-Pa.).

He told the senate upon introducing the bill that "at no time since the Legion was organized has it shown such moderation in its request," despite reductions in benefits and a lowered purchasing power of the money received.

Just before Reed acted, a legislative program of the Disabled American Veterans was submitted to President Roosevelt by J. W. McQueen, national commander. It sought modification of the economy act's application to service-connected cases.

McQueen emphasized neither cash payment of the bonus nor pensions to the non-service connected group were being sought at this time.

The Legion program in Reed's bill:

1. Restoration of service connection as it existed prior to the economy act.

2. Restoration of the old rates for service connected cases, pro-

(Continued on Page Two)

ANOTHER PRINCE MDIVANI IS HAVING TROUBLE AND LEAVES HIS HEIRESS WIFE FOR DETOUR

SAN FRANCISCO, Jan. 8.—(AP)—Princess Barbara Hutton Mdivani was in San Francisco today on her 'round the world honeymoon, while her Prince Alexis was hundreds of miles away.

Prince Alexis, by airplane, circled far around California, where a subpoena server awaited him, after parting last night from his $40,000,000-heiress bride at Reno, Nevada, and headed for Seattle.

His destination and the fact the couple have reserved quarters on the liner Tatsuta Maru, sailing from here for the orient Thursday, led to unconfirmed reports they may plan to met again at Honolulu or far out at sea.

The marine exchange of the San Francisco Chamber of Commerce said the Matson Freighter Makiki, which carries a few passengers, appeared to be the only vessel the prince could board from Seattle that might meet the Tatsuta Maru in Honolulu. Even this seemed uncertain, the marine exchange said, as the Makiki is a slow craft and its exact schedule indefinite. The Makiki sails from Seattle Tuesday afternoon, time enough to get her to Honolulu about the same time as the liner if the two other calls at Puget Sound ports are brief.

"My husband left on business," the heiress to the Woolworth "Five and Ten" fortune said in explaining why the prince flew east to Salt Lake City and then north while she continued on to San Francisco in her father's palatial railroad coach.

Prince Alexis denied as he transferred from one plane to another at Salt Lake City that legal matters had anything to do with his first separtion from his bride since their marriage last June.

In San Francisco, however, Har-

(Continued on Page Five)

RUMORED PRESIDENT TO SEND WATERWAYS MESSAGE CONGRESS

HEATED FIGHT EXPECTED WHEN ST. LAWRENCE PACT IS BROUGHT UP

By NATHAN ROBERTSON

WASHINGTON, Jan. 8.—(AP)—Speculation that President Roosevelt might send a special message to congress urging ratification of the St. Lawrence waterway pact was heard today in senate quarters, coupled with a forecast that a heated fight surely would impend.

Although there was no immediate word from the white house as to the President's course, leaders on Capitol Hill were confident the first of a series of special messages suggesting legislation would reach them before the week-end.

It was thought probable that either suggestions for a government guarantee of home loan and farm mortgage refinancing bonds or for reciprocal tariff legislation would be forthcoming shortly. A request is to be made also for renewal of the RFC. Its lending life expires two weeks from today.

Although original plans called for the senate to begin debate on the St. Lawrence seaway treaty during this week, one Republican senator said he doubted whether

(Continued on Page Five)

COTTON ACREAGE REDUCTION PLAN WELL UNDER WAY

CONTRACTS ARE BEING OFFERED FARMERS AND MANY ARE SIGNED

Practically every member of the Navarro County cotton acreage reduction campaign committee is now actively engaged in securing signatures on the new 1934-35 agreements County Agent C. C. Morris announced Monday, and the signed documents are beginning to come into the central office in increasing numbers.

Apparently the problem of the relation between landlord and tenant is still proving troublesome for the following standard form of reply to this question is being sent to those asking for further information.

Contract Speaks for Itself.

"You may have a copy of the 1934-1935 cotton acreage reduction contract. It speaks for itself. Neither you nor I can add to or take from it in any way, and your interpretation of its contents is your own. All of the conversation we might indulge in will not change the actual content. If you believe it to be unfair, then your government is unfair. As regards the term 'managing share tenant' C. A. Cobb, chief of the cotton section, says 'we are not attempting to interpret the meaning of this language. Furthermore, we shall in no way attempt to define or influence the relations between landlords and tenants as determined by leases entered into between them. In all cases it will be a matter for the landlord and tenant to determine as to whether or not the tenant does or does not meet the requirements in the definition of a managing share-tenant.' We cannot go any further than this."

Can Make 2-Year Contract.

Officials of the campaign, however, stated that any mn who is in a position to contract the land he is on for a period of two years may sign a contract and receive all benefits under it.

In an address to the producers of the Mildred area last week J. N. Edens, chairman of the central committee, told his listeners that a lot of commotion was being made over a small matter. He pointed out that for many years, landlords and tenants had dealt with and trusted each other, and when the cotton campaign is over in 1935 then the same relationships will exist again, and there was no use in taking violent exception to the rules of the campaign when they were really unimportant and the major problem was that of reducing the surplus cotton, with results that will make the small rental and parity payments appear paltry.

Local officials said that they did not anticipate any trouble over this question and that they believed a majority of the queries were made in an effort to determine what would be the proper thing to do rather than an attempt on the part of the landlord to secure something to which they were not justly entitled.

SECOND VICTIM OF HIGHWAY ACCIDENT DIED HERE MONDAY

Freeland Hart, age 33, of the Rural Shade community, died at [illegible] o'clock Monday morning at the P. and S. Hospital, following the breaking of both his legs and other injuries received in an automobile accident on Highway 31 east of Corsicana last Wednesday night. John Radney, age 51, also of Rural Shade, was instantly killed in the accident.

The two men were repairing a tire on the side of the pavement and were struck by a passing car.

The funeral will be conducted in the Long Prairie community with interment in the cemetery there Tuesday afternoon, but at press hour Monday the time had not been set. The deceased is survived by his wife, one daughter, and othr relatives.

P. N. Stockton, funeral director, Kerens, will have charge of the arrangements.

STAVISKY

(Continued From Page One.)

So ended a search conducted on a worldwide scale by the French government directed by Premier Camille Chautemps himself.

The villa had been rented for Stavinsky by a lieutenant.

Stavinsky's friends long had said that he was prepared to kill himself if captured. They said he carried a dose of poison with him constantly. He also carried pearls valued at $1,000,000, they said.

Stavinsky's wife, who vanished from the Claridge hotel on the Champs Elysees with their two children on the day after her husband fled, has been located living in a small apartment within a quarter of a mile of the hotel, under her maiden name.

Stavisky had issued tremendous amounts of bonds in the name of Bayonne pawshop and the public had invested heavily in these.

The government was brought into the scandal when police said that Albert Dalimier, colonial minister, had been quoted in a bond-selling circular issued by Stavisky as advising insurance companies that they could legally invest in pawnshop securities.

Although the bond sales were heavy, the assets of the pawnshop, a municipal organization, did not appear so weighty under police examination. The agents said they found only a few francs left in the till when they entered the establishment in Bayonne.

Retail Grocers Code Copies Are Available

Copies of the retail grocers' code, which wen tinto effect on Saturday, Jan. 6, have been received by the Corsicana Chamber of Commerce, officials of that organization announced Monday.

Grocers desiring to secure a copy of the code or consult a copy may secure one at the office of the chamber.

Long Seeks Place As Boarder Today At White House

WASHINGTON, Jan. 8.—(AP)—Senator Huey Long filed an application with President Roosevelt today to be a White House "boarder" but he left without any promise.

Striding into the executive office to keep an appointment with the President, Long crooked his cane on one arm and scattered copies of a prepared statement to reporters even before talking to the President.

The statement read: "If you want to know 'how does it happen' that I am here at the White House, then all I know is what I hear, and somebody told me that Baruch and Morgan and his partners, and Woodin and Eugene Meyer and Raskob had gone from this house and wouldn't be back soon.

"If that's so, then maybe there is room for them to take in a boarder like me."

After his 12-minute talk with Mr. Roosevelt, Long still stood on this statement upon departing.

"Are you going to be a boarder?" he was asked.

"I don't know. I filed the application," he replied.

To all other inquiries, he simply replied: "I did all the talking."

It was learned at the White House that Senator Long sought the interview. There still was no sign of any agreement between the senator and the administration on patronage. The administration so far has ignored the Long machine in Louisiana appointments.

MILK WAR

(Continued From Page One.)

posal by the Pure Milk Association, which called the strike, to compromise on its demand of $2.10 as the basic price for 100 pounds, and accept $1.85, which the organization said represented a cut of seven cents. As the farmer producers had been getting but $1.92. One hundred pounds is equivalent to 46 1-2 quarts.

The offer, framed for submission to representative distributors today cme at a time when the city was facing an acute shortage in milk supplies, due to the apparent success which came to the thousands of farmer-pickets who have been swarming the highways of the metropolitan area since Saturday and blocking shipments. One unofficial estimate was that some 600,000 quarts of milk were dumped Sunday.

So tight was the blockade that the Milk Council, Inc., representing 25 of the largest dairies in the Chicago area, decided not to attempt any ordinary home deliveries of pasteurized milk in Chicago today. Enough milk for hospitals, infirmaries and orphanages, was allowed to reach the city by the PMA, while receipts of cream by train were used as whole milk. Dr. Herman N. Bundesen, president of the board of health, promised that telephone calls to dairies for milk for children, invalids or others in essecial need, would be filled.

Offer Came Last Night.

The milk association's compromise offer, announced late last night by A. M. Krahl, the organization's director of public relations came after the receipt of a telegram from Secretary of Agriculture Henry A. Wallace, offering the government's co-operation in attempting a settlement.

The strike has been market by flareups of violence in various sections of the troubled area. About 500 cans of milk were dumped yesterday between Woodstock and Harvard, Ill. Near Elgin 800 gallons went in to a swamp when a large truck was overturned. Deputy sheriffs tossed tear bombs into a group of farmers who tried to board a milk train near Racine, Wis.

Points in Southern Wisconsin, northern Illinois and Northern Indiana were affected. The shortages of milk in Gary, Hammond and other Indiana cities apparently was so acute that rationing of supplies was considered.

Three Dallas Negroes Start For Death Cell

DALLAS, Jan. 8.—(AP)—Three Dallas negroes were formally sentenced to death today and began immediately the trip to Huntsville where they will be electrocuted early Feb. 9 unless executive clemency is granted.

Two of them were Thurman and Bluitt Burkley, brothers, convicted for the brutal cotton field murder of Miss Katherine Prince, 19, last August. Mace Carver, her companion, was wounded so seriously that he died three weeks later.

The third was Jesse Mott, convicted for the hammer slaying of Jones Tatum, 48, oil station employe, last June.

Seek Cause High Price Drop.

WASHINGTON, Jan. 8.—(AP)—The senate today adopted a resolution by Senator Carey (R-Wyo.) calling on Secretary Wallace for the reasons for the "sharp decline" in hog prices between Oct. 18 and Nov. 3, the latter part of November and during December.

The resolution alos requested information on the number of hogs purchased by the government and processed for distribution to the needy, the amount paid, the disposition of the meat and the number of hogs still held for similar relief.

VETERANS

(Continued From Page One)

viding $100 a month for total permanent disability.

3. Free use of veterans hospitals, but only for men who need hospitalization and have not the money.

4. The same pension rate—$15 a month—for widows and orphans of world war veterans, that dependants of the Spanish war get under the economy act.

Legion officials said the first two points could not cost more than $60,000,000 a year and probably less.

The third item would cost nothing, they said, while the fourth would cost $9,000,000 for the first year; $15,000,000 for the second; $20,000,000 for the third; and an average of $19,250,000 for the first five.

Girl Wife of Twelve Years Is Mother of Baby

SYRACUSE, N. Y., Jan. 6.—(AP)—Mrs. Ellen Marie Walsh, 12 and her seven pound, nine ounce daughter are doing well, hospital officials said today. The child was born Tuesday. Physicians said the mother, wife of Theodore Walsh, CWA worker, is fully developed and appears older than her sworn age.

Bank Deposits Show Increase Over Last Year

Substantial increases in deposits in the two Corsicana banks over the totals of a year ago, and also those of October 25 when the last call was made by the federal comptroller of currency were shown in the statements of the two institutions at the close of business on December 30, 1933.

The figures were revealed Friday when the first bank call of the new year was made by the comptroller. The total deposits in the two banks at the close of 1933 were $5,627,309.25, compared with $5,450,443.13 on October 25 and of $5,378,166.16 for December 31 1932.

The gain for the entire year was $249,143.09, and during the last quarter of the year $176,866.12.

JUDGE RULES GIRLS INELIGIBLE ATTEND A. AND M. COLLEGE

BRYAN, Jan. 5.—(AP)—W. C. Davis, district court judge, today denied the application of 12 Bryan girls to mandamus directors of Texas A. and M. College to permit them to enter the school where only men, with one recent exception, are granted registration privileges.

Handicapped by financial difficulties, the petitioners sought admission because the college was only a few miles away. The board of directors, at the mandamus hearing two months ago, claimed that women were not "biologically adapted" to enrollment in the college or for work for which graduates were fitted.

Judge Davis in his decision expressed the opinion that congress, in passing the land grant act of 1862, did not intend to prescribe who should or should not attend such colleges, that the framers of the constitution and the legislature intended that A. and M. should be a separate institution not governed by any provision relating to the University of Texas—a co-educational school by statutory provision—and that they intended to leave the decision on whether the institution should be co-educational to the board of directors.

COMMISSIONERS

(Continued From Page One.)

torney Monday, Mrs. Hook will be able to accept complaints, take affidavits, and perform other duties, except prosecuting in the courts of record, ordinarily performed by the criminal district attorney and his assistants. Mrs. Hook has been stenographer in the office of Mr. Miller for several years. She is the first woman designated as assistant criminal district attorney of Navarro county.

Mitchell Before Court.

A. F. Mitchell appeared before the court and said that his observations were that the counties which procured projects of CWA, etc. approved quickly were those who sent men and delegations to Austin, and advised the court to pursue a similar proceedure. His statements were attested to by other members of the court, and the commissioners are seriously considering making provisions for transportation of a person to work up and present the projects to the state committe in Austin.

Mr. Mitchell was thanked by each member of the court for his gratis work done in this connection during the past months. Mr. Mitchell formerly was county engineer, but has not been on the county payroll for a number of months.

C. E. McWilliams, county judge, said the county owed Mr. Mitchell a considerable debt of gratitude for his work done on the relief work, without compensation, and at considerable personal expense. Mr. Mitchell will not be the person to work up the projects and present them to the state commitee, although he offered his services if he could aid in any manner.

Must Register Cars Here.

Ross Dickey, state highway patrolman appeared before the commissioners and pointed out that substations of tax-collectors are maintained in small towns near the Navarro county line and that last year auto registrations approximating $4,000 from Navarro county went to adjoining counties. An opinion from the attorney general was read whereby this is a law violation. The commissioners court suggested that the state highway patrolman confer with the criminal district attorney and issue a warning to the citizenship, and then inaugurate a campaign to see that the cars were registered in the proper county. It was stated that the low provides that a person who registers a car in the wrong county is liable for registration again in the proper county and also the 20 per cent penalty for delinquenucies.

The commissioners agreed that the county would pay for the advertising of a proper warning, over the signatures of the state highway patrolman and the criminal district attorney, in the county papers.

New Ambassador Of Russia Will Visit President

WASHINGTON, Jan. 8.—(AP)—Alexander Troyanovsky, new Russian ambassador to the United States, paid an official call today on William Phillips, acting secretary of state, preparatory to visiting President Roosevelt at the White House to submit his credentials.

Meanwhile, William C. Bullitt, United States ambassador to Russia, reported to Mr. Roosevelt on the housing situation in Moscow and preliminary arrangements for opening consulates as well as the American embassy in Russia.

Bullitt said he expected to return to his post at Moscow as soon as these details had been completed.

The arrival here last night of Troyanovsky, accompanied by Bullittt, made it the first time in 17 years that Russia has been officially represened in the American capital.

The Soviet ambassador will present his credentials in the usual formal manner in the White House proper with the customary brief ceremony.

CONGRESS

(Continued From Page One)

there was a lackluster air in the house.

The independent offices appropriation bill is expected to be ready for consideration on the floor about Thursday. It will include extension of economy bill provisions, among them one that would cut the pay of federal employes 10 instead of 15 per cent after next July 1.

"My opinion is that the house will back the President on that," Byrns said at a press conference.

He added that extension of the Reconstruction Corporation for another year or two must be considered before the end of the month.

Republicans Open Attack in Senate

WASHINGTON, Jan. 8.—(AP)—The first floor attack on the administration this session was made in the senate today by Senator Robinson (R-Ind) who said President Roosevelt's message on the state of the union contained nothing but "glittering generalities" and that his budget message was "amazing."

The Indiana senator seized the opportunity when little was before the senate for the first republican assault on administration policies.

"One might go through the history of the republic and examine all the state papers and find none more remarkable than those two," he said, referring to the legislative and budget messages.

"I defy anyone," he added, "to read his message on the state of the union and gain any enlightenment whatever with reference to the state of the union.

"His second message—on the budget—was more unusual than the first and certainly more amazing in its content.

"The President very frankly stated to the congress that the country faces a deficit next July 1 of more than $7,000,000,000. This notwithstanding the fact the President himself and his spokesmen have been going over the country in the last six months confidently assuring the American people the budget was balanced.

"The truth is that the budget is not balanced. It is in a worse condition than it has ever been in the history of the nation, not excepting war-time conditions."

Robinson challenged the "frankness" of the budget message, charging the President either "misrepresented" the facts or did sot know what they were.

Fight Elimination Dry Land Farm Funds

WASHINGTON, Jan. 8.—(AP)—A fight against elimination from the 1935 budget of the annual appropriation for dry land agriculture was launched today by Representative Sinclair (R-N. D.)

The budget submitted to congress last week by President Roosevelt eliminated an appropriation of $220,000 which was set aside last year for investigation and improvement of methods of crop production in semi-arid regions of the Western United States.

Sinclair said he would seek restoration of the appropriation when the budget bill gets before the house agricultural sub-committee. Sinclair is the ranking Republican member of this committee.

Sinclair said that elimination of the appropriation would mean abandonment of stations at Mandan, N. D.; Sheridan, Wyo.; Akron, Colo.; Woodward, Okla.; Lawton, Okla.; Tucumcari, N. M.; Dalhart, Texas; and Big Spring, Texas.

In addition se said, federal funds would be withdrawn from a number of co-operative stations, maintained jointly by state and federal appropriations, in many states.

Bill Introduced To Amend Agricultural Adjustment Statute

WASHINGTON, Jan. 8.—(AP)—Representative Frank H. Buck (D-Cal) today introduced in congress a bill to amend the agriculture adjustment act in a manner which he said would eliminate certain loopholes that had been dicovered by the agriculture department.

The amendment, Buck said, would materially affect the administration of the AAA in connection with perishable fruits and vegetables in California, Oregon and Washington and in other states where the perishable commodities make up a large part of the argiculture indutry.

Buck's amendment would exempt canners and processors from the licensing who buy their products within the state where they are canned and processed. Buck said the act was not intended to cover such canners and processors but had been construed in that manner.

It would extend the provisions of the law to cover goosd consigned in interstate or foreign commerce.

LOS ANGELES CWA SCANDAL LOOMS AS CHARGES ARE MADE

DEMOCRATIC LEADER SAYS MANAGEMENT NOTHING LESS THAN SCANDAL

LOS ANGELES, Jan. 8.—(AP)—John B. Elliott, first vice chairman of the Democratic state central committee, in a statement which termed management of the CWA here for the past four weeks nothing less than a public scandal, said today that "I, for one, shall not remain silent about it any longer."

Elliott, who was one of the leaders in the Roosevelt campaign in California, said he was in possession of statements by persons within the CWA organization to substantiate his assertions and that he intended to put the entire question before the federal grand jury, if possible.

"As high as 16,000 to 17,000 unemployed have been assigned daily to various projects without any tools or any kind of materials with which to work," the statement said. "This army of men has stood about day after day in many cases for more than 10 consecutive days with nothing to work with and nothing to do while they were on the federal pay roll at 50 cents an hour. x x x.

"Thousands of workers whe were working have not been paid, some of them for as long as four weeks at a time. The pay checks for these workers were drawn but were misplaced or could not be found."

Immediate Probe.

WASHINGTON, Jan. 8.—(AP)—Immediate investigation of charges by John B. Elliott of Los Angeles against the California civil works administration was ordered today by Harry L. Hopkins, SWA chief.

At his direction, Aubrey Williams, assistant administrator, sought to get into immediate touch with Edward Macauley, California administrator, and ask him to go fully into the situation is Los Angeles county.

Ask Processing Report.

WASHINGTON, Jan. 8.—(AP)—The senate today called on the agriculture department to report collections and disbursements of processing taxes.

Without debate the senate adopted a resolution by Senator Vandenberg (R-Mich.) calling for the information.

It directed Secretary Wallace to report the amount collected in processing taxes, the states from which collected, disbursements of the funds and the cost of collecting them.

It was the second resolution of its kind asked by Republican senators and adopted by the senate.

A previous resolution by Senator Borah (R-Ida.), called for a repor ton war debts.

Weekly Reports Only.

WASHINGTON, Jan. 8.—(AP)—President Roosevelt today modified his recovery expenditures control order to require only weekly reports to the director of the budget father than making budget estimates a prerequisite for emergency expenditures.

The order as contained originally in his budget message to congress has caused confusion and some disapproval at the public works administration and elsewhere.

The modified ordre followed representations by some of his aides that the first ruling might seriously retard necessary expenditures of recovery funds.

Mr. Roosevelt stood by his executive order giving Comptroller General McCarl complete authority to audit all of the recovery expenditures.

Texans Approved.

WASHINGTON, Jan. 8.—(AP)—The senate finance committee today approved the nominations of Adrain Pool of El Paso as collector of customs for District 24 and Frank Schofield of Hillsboro as collector of internal revenue for the first district of Aexas.

Terrell Postmaster.

WASHINGTON, Jaun. 8.—(AP)—The postoffice department announced today the appointment of Fred Massengill as acting postmaster at Terrell, Texas.

Ask Protest to Germany.

WASHINGTON, Jan. 8.—(AP)—Senator Tydings (D-Md.) today introduced a resolution urging President Roosevelt to protest to Germany against that country's treatment of Jews.

Monthly Meeting Farm Club Women Held On Saturday

Regular monthly meeting of the Navarro County Woman's Home Demonstration Council was held at the chamber of commerce Saturday afternoon with more than 25 club representatives present. The program of work for the month of January and talks on timely agricultural subjects were presented.

It was announced that the yearbooks for the demonstration clubs would be ready for distribution about Saturday, Jan. 13.

Hunters Entertain Friends at Venison Barbecue Saturday

Charlie Holloway, J. N. Garitty, and T. C. Nash were hosts Saturday night to some 65 men of Corsicana and surrounding communities for a venison barbecue, held at the suburban home of Robert Irvine on the Corbet road.

Even though no prize was offered for the best hunting story, attendants intimated Monday that some of the "yarns" were suitable for entry in the National Liars' club annual event.

Two Pay Death Penalty in Chair In Pennsylvania

BELLEFONTE, Pa., Jan. 8.—(AP)—Frank Stabinski, 22, and Anthony P. Tetrosky, 21, were electrocuted today for the slaying of 18-year-old Mary Malinowski during a robbery in her home near Wilkes Barre more than a year ago.

Two holdup murders within three days were charged against the young men.

Within five days they are alleged to have engaged in, besides the two killings, the holdup of two Hazelton policemen who pursued them, a running pistol battle with Allentown officers, the wounding of a woman holdup victim, and a robbery in which they obtained $9,000 in jewelry after torturing a Philadelphia family.

The first slaying charged to Stabinsky and Tetrosky was that of Miss Malinowski, daughter of Emil Malinowski, Luzerne county assessor.

Thieves broke into the Malinowski home the night of December 11, 1932, and, surprised by the family, held its members at bay with pistols. When the girl screamed for help they beat her over the head with a blackjack and fled. She died the next day.

Two nights later Peter Cutler was shot and killed in his hardware store in Wilkes-Barre.

LARGE ATTENDANCE ON COTTON MEETING AT MILDRED FRIDAY

"Increasing the cotton producers Profits by the 1934 Cotton Acreage Reduction Program" was the subject of a discussion led by C. G. Brock, vocational agriculture teacher of the Mildred High School Friday, Jan. 5 at 7:30 p. m., in the Mildred Hgih school auditorium.

Approximately 75 cotton producers attended this meeting from Mildred, Eureka, Richland and Corsicana.

The 1934 cotton contract was outlined and explained with specail attention given to the provision No 5 of the contract which limits the use of "the rented acres" by the producer. The group of farmers present at the meeting reached the decision that there was a need for more understanding between the owner and the tenant regarding the cotton contract.

A large number of producers, qualified to sign the cotton contract, agreed they were favorable toward the cotton acreage reduction plan and were ready to place their signatures on the agreement to reduce their cotton acreage 40 per cent.

C. C. Morris, County agent, gave an illustration showing the cash benefits producers would receive by reducing their cotton acreage as stipulated in the contract. C. C. Roberts, president of the Corsicana Chamber of Commerce and H. C. Howard secretary of the same organization, were present at the meeting and made talks in favor of the government cotton plan, stressing the advantages the producer would gain from following it. J. N. Edens, coonty chairman, assisted in leading the discussion pertaining to the contract. Community committeemen present at the meeting were H. I. Singleton and John Bryant.

Plans are now under way for a similar meeting to be held at the Navarro High school Wednesday night at 7:30 p. m.

EIGHT NOMINATED FOR DIRECTORS OF CHAMBER COMMERCE

ELECTION OF MEMBERS OF BOARD WILL TAKE PLACE AT ANNUAL MEETING

Eight Corsicana civic leaders were nominated for posts on the board of directors of the Corsicana Chamber of Commerce for a two year term at a meeting Monday morning of a special committee appointed by President C. C. Roberts for that purpose.

The election of the new directors will be held at the annual meeting of the Chamber in February, and other officials of the chamber will be named by the new board.

Those nominated Monday included J. N. Edens, I. N. Cerf, A. F. Mitchell, J. M. Dyer, Jr., Clyde Foster, Fred M. Allison, Earl W. Ellis, and Ed M. Polk, Jr.

Holdover directors whose terms expire in 1935 include Ted B. Ferguson, C. C. Roberts, W. P. McCammon, Lowry Martin, J. A. Silverberg, J. S. Murchison and Elmer Rittersbacher.

Directors whose terms expire with the annual meeting this year include J. O. Burke, R. L. Calkins, J. M. Dyer, Jr., J. N. Edens, Sydney Marks, A. F. Mitchell, N. Suttle Roberts, and W. M. Spear.

Three directors-at-large named by the president annually will also end their tour of duty in February and include C. L. Jester, I. N. Cerf, and J. N. Garitty.

The nominatinng committee is composed of J. M. Dyer, Sr., chairman, Ted B. Ferguson, Lowry Martin, Beauford H. Jester, and R. L. Hamilton.

Personal

J. H. Walker was in Corsicana Monday from Kerens.

J. S. Smith was in Corsicana Monday from Bazette.

John Anderson was in Corsicana Monday from Kerens.

Mike Crawford of Kerens was in Corsicana Monday.

Edgar Campbell was in Corsicana Monday from Blooming Grove.

Commissioner Sessions of Bazette was in Corsicana Monday.

Ramsey Cox was in Corsicana Monday from Kerens.

J. R. Cockrell of Kerens was in Corsicana Monday.

Less Parker of Round Prairie was in Corsicana Monday.

Mrs. Jess Beauchamp was in Corsicana Monday from Kerens.

B. W. Tole was in Corsicana Monday from Kerens.

L. L. Powell of Barry was in Corsicana Monday.

Pete Arnold of Kerens was in Corsicana Monday.

BUS CRASH

(Continued From Page One.)

bus, were Ipasca Stapleton, 7, and Alice Aultman, 18.

The most seriously injured were listed as Tessie Roberts, 12, fractured leg and arm; Mary Roberts, 11, sister of Tessie, back injuries; Lavon Graves, 10, broken ankle and body injuries; Jessie Roberts, 17, facial cuts; Wilma Graves, 15, suffering from hock and body contusions; Daul Aultman, 10, cuts and bruises.

Sick and Convalescent.

B. M. Henderson, who had a portion of his left arm amputated recently at the Navarro Clinic was able to be up today and was reported to be regaining his strength rapidly.

Sun Want Ads Bring Results.

Splawn Is Named I. C. Commission Member Monday

WASHINGTON, Jan. 8.—(AP)—President Roosevelt today nominated Walter M. W. Splawn, former president of the University of Texas, to the interstate commerce commission.

The president also advanced William W. Howes of South Dakota to be first assistant postmaster general and named Harllee Branch of Georgia ot succeed him as second assistant postmaster general.

For several years Splawn has been an advisor to the house interstate commerce committee, having had much to do with its report on railroad consolidation. On the commission he will succeed Ezra Brainerd, whose term is expiring.

In the postoffice department, Howes takes the place of Joseph C. O'Mahoney, who has gone to the senate in the place of the late Senator Kendrick of Wyoming.

Other nominations were:

District attorney, Western Texas, William R. Smith, Jr.

United States Marshal, Northern Texas, James R. Wright.

"Little Women" at Palace Thursday

Like a fragrant faded rose out of an old book comes "Little Women," as different from the average run of screen features as its bewitching New England setting is from the rush and turmoil of Broadway, at Palace Theatre Thursday, Friday and Saturday.

RKO-Radio Pictures has handled with benign care the ever-popular story, a sweet breath of romance in the setting from which most of the great screen successes have come—home.

Its human, lovable characters live again in the fashion of the day. The peaceful settings where the four girls romped have been transfrered to this era by the magic of the camera and the technical skill of movieland. Even New England snow and storms are moved across country to the RKO-Radio lot.

Customs, costumes and the heart-warming atmosphere of the Sixties are a contrast, indeed, to the usual screen melange of courtroom, machine gun and sex.

A great cast, too, brings this echo of a romantic American period. Katherine Hepburn is Jo, Joan Bennett is Amy, Frances Dee is Meg and Jean Parker is beth. Others among 20 well-known players assembled by RKO-Radio Pictures are Paul Lukas, Edna May Oliver, Dougass Montgomery, Henry Stephenson, Spring Byington, Samue Hinds and Mabel Colcord.

Card of Thanks.

We wish to take this method of expressing to our friends and neighbors our appreciation of their kindness and helpfulness to us in our time of sorrow in the sickness and death of our husband and father, Warren H. Whitten.—Mrs. W. H. Whitten and Family.

CUPID IN CHARGE AT COURT HOUSE; MORE MARRIAGES

Cupid, in the parlance of sport writers, completely outclassed the divorce court in all departments during 1933, in Navarro county, a perusal of the official records in the courthouse reveal.

There were 704 marriage license issued by the county clerk during 1933, while there were only 174 marriages dissolved in the Thirteenth judicial district court, according to the records in the district clerk's office, a net gain of 530 for Cupid over the divorce mill.

Observers at the court house claim that 1933 is the highest in percentage of apparent marital success since before the oil boom days of 11 years ago.

Many Cases Never Tried.

Many divorce cases filed are never tried, remain on the docket for years, and are dismissed. Reconciliations are effected many times, causing the proceedings to be stopped. Occasionally one of the parties die—and many other factors enter to keep the number of divorces granted much lower than the filing numbers. The reconciliation of the parties, however, is the leading cause for the filed instrument never being tried and judgment dissolving the bonds of matrimony being entered in the records.

On numerous occasions, divorces are granted and one of the parties immediately remarries. Often a case has been on the docket for months and years without either party making any effort to have the case tried, and then one becomes insistent it be tried immediately—with the result that a marriage license frequently is procured within a short time, naming the insistent party as one of the principals.

It is not an uncommon occurrence for one of the principals to procure the dissolution of one marriage and then before leaving the courthouse, secure a marriage license for another.

Contest is Rare.

There are a few contested divorce cases in the local district court. The custody of minor children is generally agreed, upon and the proper orders entered amicably. When there is community property involved, a division is usually effected before the petition is filed.

It is a rare thing for the defendant to appear in court. The one seeking the divorce is present, and a waiver of service is filed and presented from the defendant in at last 90 per cent of the divorce proceedings.

The record in the district clerk's office indicates that in the event a divorce petition is not presented the judge within a couple of months, the likelihood that it will be tried is considerably less, and the case may remain on the docket for years without disposition.

No divorce will be granted until the petition has been on file for 30 days, and reconciliations and the settling of differences within that time are frequently noted.

LITTLE BOY DIED FRIDAY MORNING; BURIAL AT EMMETT

[illegible]ilton R. McAfee, seven-year-old son of Mr. and Mrs. Ira D. McAfee, died at the family home, 1504 Maplewood, Friday morning at 10 o'clock and the funeral was held from the home Friday afternoon at 3 o'clock, with burial in the Emmett cemetery. The rites were conducted by Rev. T. Edgar Neal, pastor of the First Methodist church.

Surviving are his parents, four sisters, Mrs. Thelma Ware, Corsicana; Mrs. Vivian Ferguson, Harlingen; Mrs. Willie Frost, Longview, and Miss Grace McAfee, Corsicana; two brothers, H. D. McAfee, city chemist, Corsicana, and Ira D. McAfee, Jr., Corsicana, and a number of other relatives.

The funeral was directed by the Sutherland-McCammon Funeral Home.

Singers were Mrs. Boyce Martin, Mrs. A. L. Absher, Kelly McKeofn and Wiley Burdine.

TYLER WOMAN IS SERIOUSLY INJURED WHEN HIT BY AUTO

Mrs. W. M. Capes, aged about 57, of Tyler, was knocked down and dragged several feet by an automobile driven by Jessie Bluitt, negro, at the intersection of South Main street and West Sixth avenue about 7 o'clock Saturday night and seriously injured.

She was rushed to the P. and S. Hospital for surgical treatment in the Sutherland-McCammon ambulance, and attaches reported that her right arm was broken in two places, her left arm broken, and her left shoulder fractured, besides numerous bruises and abrasions. She was transferred by train Sunday afternoon to the Cotton Belt Hospital at Texarkana.

Mrs. Capes is the wife of W. M. Capes, veteran Cotton Belt employee and fireman on the Hillsboro branch line, and was visiting her husband over the week-end when the accident occured.

Bluitt was arrested Sunday morning by city officers and charged with running a red light and reckless driving.

DIZZINESS

Relieved by Black-Draught

"I decided to take Thedford's Black-Draught, as I had been having bilious spells," writes Mr. Chas. [illegible] Stevens, of Columbus, Ind. "When I get bilious, I feel sleepy and tired and do not feel like doing my work. I get awfully dizzy. I know then that I had better take something. After I found how good Black-Draught is, that is what I have used. I guess it rids me of the bile, for I feel better—don't feel like I am dropping off to sleep every time I sit down. That, to me, is a very bad feeling." *Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.*

CORSICANA IS ONE OF 5,000 CITIES IN AMERICA TO PAY TRIBUTE TO PRESIDENT OF THE UNITED STATES

A three-fold opportunity will be presented the residents of Corsicana and surrounding territory at the Birthday Ball for the President to be staged in the former quarters of Montgomery-Ward on January 30 according to Chairman Lowry Martin who has been busy for several days on the various details of the local participation in a nation-wide movement that will see some 5,000 American cities paying tribute to the chief executive in one of the most spectacular fashions ever recorded in the annals of the nation.

Selfishly, Mr. Martin pointed out, every person will be given an opportunity to enjoy a wonderful entertainment at a minimum cost, with dancing to tunes of an excellent orchestra, and programs which will be featured by an address by President Franklin D. Roosevelt, outstanding theatrical and radio talent, and several surprise numbers that are being arranged by W. C. Stroube.

Patriotically, citizens will be given an opportunity to join with thousands of their neighbors all over the nation in celebrating the fifty-second birthday of the thirty-second president of the United States.

And philanthropically, residents of this section will have an opportunity to assist in the endowment of one of the greatest medical centers in the nation at Warm Springs, Ga., where hundreds of children are being cured of the tragic effects of infantile paralysis. National leaders of the birthday movement have pointed out that when President Roosevelt entered the White House as chief executive of the United States he relinquished all outside duties except that as the president of the Warm Springs Foundation.

Because of the assistance which the president received in overcoming his physical disabilities at the Georgia resort, he has projected the extension of the benefits of the treatment extended there to every child in the nation who is a victim of infantile paralysis, and it is estimated that there are some 150,000 such sufferers today.

A committee composed of the outstanding leaders of all faiths and creeds, fraternal orders, trade organizations, service clubs, and similar groups decided that no greater tribute could be paid the president than to aid him in this project and the "Birthday Ball for the President" movement resulted.

Chairman Martin declared that he is confident that Corsicana will respond in its usual fashion, and take advantage of the three-ford opportunity in its usual whole-hearted fashion.

Courthouse News

District Court.

Testimony was concluded in the trial of the case of the Homeland Realty Company vs. Allen W. Griffin et ux, try title, Friday. District Judge Hawkins Scarborough had not handed down his ruling in the case Saturday morning.

I. T. Kent vs. H. G. Faulk et al, debt and foreclosure, dismissed.

Commissioners' Court.

The regular meeting of the Navarro county commissioners' court will be held Monday morning at 10 o'clock.

The appointment of a janitor, superintendent of the county farm, and other officers named by the commissioners, and other items of business in addition ot routine matters, are scheduled to be presented before the court.

Sheriff's Office.

Percy Franklin, negro, was arrested south of Powell Friday by Deputy Sheriff Jack Floyd on a formal complaint of theft from person in connection with the alleged loss of $54 by Alma Thomas, negress, who received severe knife wounds in an altercation in East Corsicana last Saturday night. He was placed in jail. The complaint was filed in Judge Sam B. Jordan's court.

Deputy Sheriff Floyd said that a complaint for assault with intent to murder and also burglary and theft charges would be filed against the accused negro.

Accident at Night

May be caused by car having poor lights. Let us see that yours are correct.

To My Friends

This is to notify my friends that I will be a candidate in the July Primaries for Justice of the Peace, precinct One, Place Two. My formal announcement will appear later.

W. T. McFADDEN

Goings and Comings Of Fairfield Folk And Their Visitors

FAIRFIELD, Jan. 6.—(Spl.)—Mr. and Mrse. H. R. Mainard and Mr. and Mrs. G. D. O'Stein and daughter of Dallas, visited Mr and Mrs. J. F. Day Sunday. Hugh Irwin returned home with them.

Mrs. Hood Orand and little daughter, Frances, spent last week in Houston. They were accompanied home by Miss Bess Orand, who has been there several weeks visiting relatives.

Mrs. Maggie Calame of Wortham, visited in the home of her nephew, Joe Roller, here Monday. She was accompanied by Mrs. George Stubbs and baby.

Rev. W. S. Wiley of Midway spent part of Wednesday and Thursday here with friends.

Rev. W. S. Wiley and Miss Mary Tillie Kirgan visited friends in Grapeland Wednesday.

Sam Bryant who once served as county commissioner from precinct No. 2, but had ben out of the county several years, visited old friends here Tuesday. Mr. Bryant recently moved back to Teague.

Mr. and Mrs. Travis Cockrell carried their little son to Dallas Wednesday and had him fitted with braces and crutches. The little fellow suffered a stroke of infantile paralysis two years ago and has been unable to walk. It is thought that he will soon be able to walk.

Lois H. Vestal, circulation manager of the Avalanche-Journal at Lubbock, visited old friends and relatives here this week. He moved from Fairfield to Levelland, his present home several years ago.

Mrs. Newt Robertson, Mrs. Joe Parker, Mrs. H. L. Williford, Mrs. G. A. Parker, Mrs. W. A. Parker, Mrs. Lendon Red attended a bridal shower at Leona Friday afternoon. The honoree was Mrs. Jeff McCoy, who before her marriage, Dec. 24, was Miss Francis Koonce, formerly of Turlington.

James Baker left for Dallas, Monday to enter a business college.

Mrs. Ralph Kitchens had as house guests the past week end Misses Nelliegray and Hazel Paschall of Dallas.

Dave Harrison and children, also Mr. and Mrs. Johnnie Ivy and children spent the holidays with Mr. and Mrs. Sterling Ledbetter at Donna.

Verna Glazener and family of Dallas spent part of the week here with relatives.

Miss Lettie Nell Emmons spent the holidays in Teague with Miss Jo Ruth Evans.

Kenneth Harris of Houston spent the holidays here with his aunt, Mrs. J. W. Radford.

Mrs. J. W. Baldree has returned from a visit to her son, Alva Baldree in St. Louis.

The Rev. and Mrs. J. N. Vincent and daughter, Miss Carolyn, of Jewett, visited friends and relatives here Tuesday.

Mr. and Mrs. T. H. Bonner have returned ti Palestine after a visit here.

Miss Agnes Odom of Houston spent the holidays here with home folks.

Bank Clearings Show Increase Over Last Week

Corsicana bank clearings for the week ending Wednesday, January 3 showed a substantial gain over the preceding week but a loss compared with the same week last year, clearing house officials reported Friday.

The total clearings for the past week were $700,000 compared with $590,000 for the preceding week, and $845,000 for the same week last year.

Clearing house officials said however that much of the total of last year was made up of "anxious money" being transferred from one bank to another as the new business year started, and many accounts were shifted.

Test of Young Well Scheduled Be Made Saturday Morning

FAIRFIELD, Jan. 6.—(Spl.)—J. B. Daniel, president of the Daniel Oil and Royalty Co., stated late Saturday that the plug in the Young well would be drilled Friday night and a test made Saturday morning.

This well is down 4,350 feet and favorable sand was encountered. The well is on the Tolbert Young tract about one and one-half miles north of Young, and about ten miles northeast of Fairfield. Considerable hope is entertained that the well will show oil.

BARDWELL CAGERS DEFEATED TIGERS SATURDAY EVENING

Corsicana high loopers will meet the Van cagers here Saturday night in what is expected to prove a hard-fought tussle. Following their defeat Friday and Saturday nights by Grand Saline and Bardwell, respectively, the Corsicana Bengals will resume their training Monday afternoon.

Bardwell forged ahead in the first of the game Saturday night and were leading 15-6 at the half, but the local loopers staged a reversal of form and fought the perenial Ellis county veterans to a standstill during the last half, and rang a number of sensational goals. The final score was 31-19 in favor of Bardwell.

Corsicana could not penetrate the sterling and effective defense of the Ellis county clan during the first half of the melee. The tall, rangy veterans of Coach Larkin successfully stopped the drives and passing of the young Tigers during the first two periods, intercepting the passes consistently.

Bardwell was leading, 9-4 at the end of the first quarter and were ahead, 22-10 at the end of the third period.

One of the features of the game was the Tiger cheering section, led by Truxton George and other football players and second team performers.

It is understood that four of the five regulars of the Bardwell aggregation will end their competition this season. The entire lineup has played against Corsicana for years.

A number of fouls were assessed during the game, and several players were given three personal fouls. The game was a rough and hard-fought affair.

Bardwell smothered Corsicana, 30-6 in their game played in Waxahachie a few nights ago, and the performance of Corsicana and the improvement shown was gratifying to Coach Jimmie Gardner.

The Box Score:

Bardwell	fg	ft	fl	pts
Larkin, f.	1	2	1	4
Hodge, f.	4	1	1	9
Williams, c.	4	1	3	9

VICTIM OF AUTO ACCIDENT BURIED DRESDEN SATURDAY

Funeral rites for John Radney, 51, Rural Shade, who was killed in an auto accident on Highway 31 Wednesday night, were held at the Dresden church Saturday morning at 10:30 o'clock with burial in the Dresden cemetery. The services were conducted by Rev. E. T. Miller, pastor of the First Baptist Church here.

Surviving are three sons, John Radney, Jr., William Radney and George Doyle Radney, all of Rural Shade; a daughter, Mrs. Eva McCollum, Houston; six grandchildren, a brother, Charles Radney, Clarendon; two half-sisters, Mrs. Annie Howell and Mrs. Ella Perry, both of Kerens; and four half-brothers, Clyde Radney, Roe Radney and Floyd Radney, all of Houston, and Sam Radney, McCullough county.

The funeral was directed by the Corley Funeral Home.

Pallbearers were Lost McCollum, Hewett Scott, Robert Scott, Bob Smith, Earl Bruner and Lynn Bruner.

Jackie Jennings and Charles J. Armstrong Married Recently

Miss Jackie V. Jennings, daughter of Mr. and Mrs. A. W. Jennings, who reside on West Sycamore avenue, and Mr. Charles Joe Armstrong, son of Mr. and Mrs. L. W. Armstrong of the Emhouse community, were married on Christmas Eve in the presence of a number of friends and relatives at the parsonage of the pastor of the North Corsicana Methodist church. Rev. Marney performed the ceremony.

The bride was becomingly attired in a blue and gray silk crepe ensemble with hat, shoes, gloves and bag in harmonizing blue.

On Christmas Day, Mr. and Mrs. Armstrong entertained with a lovely Christmas dining in their honor, with 33 present.

The bride and groom were complimented prior to their wedding day with a miscellaneous shower given by members of their Sunday school class at the home of Mrs. Marney, which came as a distinct surprise to both.

Party Shower.

Mrs. J. E. Stokes, aunt of the groom, and Mrs. Stokes Armstrong were joint hostesses on Friday afternoon at the home of the former, "The Arcady," 220 South Twelfth street, for a Pantry Shower, at which time the bride was showered with canned goods of every kind, and jars of jelly and preserves. When all had assembled, Mrs. Stokes asked each one to tell "How to Hold a Husband." Then each one wrote a favorite recipe in a special cook book for the bride.

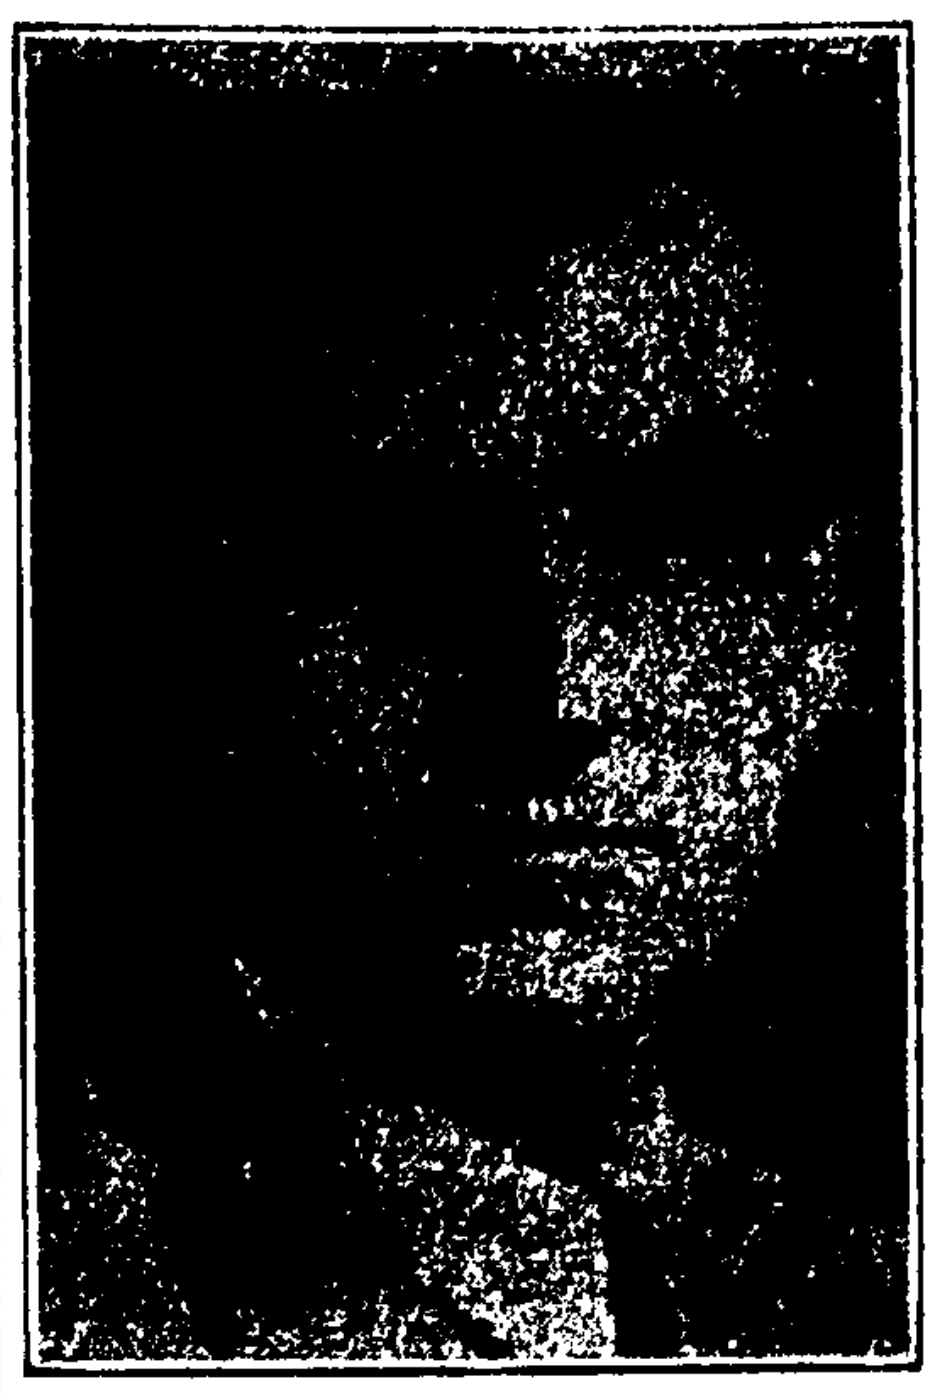
After this the hostesses announced that they had arranged a Depression Shower for the bride, and presented her a basket of packages done up in newspapers. When opened, the found numerous old articles; but before she could recover from her puzzled mind over receiving such gifts, little 4 year old Frances Stokes came in pulling a decorated wagon which was piled high with the shower gifts that were intended for the bride.

Following the fun of fooling Mrs. Armstrong, the hostesses served a salad course with hot tea, to 33 or more guests present.

Card of Thanks.

We take this means of thanking our friends for the sympathy and many acts of kindness during the illness and death of our beloved mother and grandmother.—Mrs. W. W. Ballew and Family.

W. P. Willis Again Named Superintendent Of Malakoff Schools



MALAKOFF, Jan. 6.—(Spl.)—At a meeting of the Malakoff school board Friday, M. P. Willis, above, was re-elected superintendent of schools for the coming school year. The next school term will make the eleventh in this school system for Mr. Willis, who began his work here when the school was unclassified, and without affiliation. The high school now has 23 units of affiliated work.

Mildred and Dawson Girls Basketballers Win Friday Night

Mildred and Dawson high school girls' basketball teams won a duet of exhibition games over India, and Navarro, respectively, Friday night on the Y. M. C. A. court.

It took Dawson an extra period to break a tie, and finally eke out a 22-17 win over Navarro, while Mildred had little trouble in vanquishing India, 34-11.

Following are the box scores of both games:

Missionary Society Gave Shower Tuesday For Recent Bride

FAIRFIELD, Jan. 6.—(Spl.)—The Woman's Missionary Society of the Methodist church gave a shower last Tuesday afternoon at the home of Mr. and Mrs. P. O. French for Mrs. Garfield Shanks, the former Miss Modena Vincent, daughter of Rev. and Mrs. J. N. Vincent, of Jewett. The rooms were beautifully decorated in Christmas decorations, autumn leaves, red berries, poinsettas and a small Christmas tree. The bride's book was presided over by Miss Mary Tillie Kirgan. The program consisted of numbers by last year's brides as follows: Reading by Mrs. Lendon Red; song by Mrs. L. DuPey; reading by Mrs. Frank Dent.

At the close of the program, Mrs. French asked Mrs. Shanks to meet a beautiful colonial lady. She was led into the dining room where Miss Josephine Newell stood in the center of the room, dressed in old colonial dress and hat. A lovely picture she made with long skirts covering a multitude of beautiful presents for the bride, which she gracefully presented to her, after which refreshments of fruit jello and cake were served to fifty-two guests.

Y ACES WILL MEET EUSTACE ALL-STARS ON TUESDAY NIGHT

The Y. M. C. A. Aces, Corsicana's fastest basketball five, will meet an all-star cast from Eustace Tuesday night, at 7:45, on the local Y. court in an exhibition game, it was announced today by Dick Jones, physical director and manager of the Aces. The local Y. team has played two games this season and won both of them from powerful aggregations. They defeated the Calvary Baptist team of Dallas, which was compose dof the South's foremost players, and then won handily from the Bryan Independents.

Hubert Wheat is manager of the Eustace team.

The Ace squad is composed of some of the outstanding players in Navarro county, and from the leading cagers in the city major basketball league. The scoring department is headed by the smoothest working scoring combination ever seen in action on a local court, namely, Herschel McClanahan, and Cecil Hobbs, both forwards on the Daily Sun's entry in the city major. This combination is augmented by such outstanding players as Russell Hobbs, Lawrence Nolen, Paul Dresser all of the Daily Sun; Roland Pollard, guard, of the Collin Street Bakery; Victor Gill, Cotton Mill, guard; and Cap Dosser, leading scorer of the Bryan Independents in the city mapor; and Clifton Currington of Kerens, one of the most sensational players in last year's county boys' interscholastic league tournament.

Tickets will be 25 cents for every one.

The Eustace team is composed of some of the outstanding courtmen of East Texas, fhich is famous for its strong basketball teams, and is said to be one of the moothest working teams east of the Trinity river. A good, fast game is promised the cash customers.

MISS MAE VENABLE RECEIVES SENIOR BASKETBALL RATING

Miss Mae Venable, popular and efficient girls' basketball coach and taecher at the I. O. O. F. Home here, passed her examinations Saturday in Denton, given by the Women's National Officials Rating Committee, and has received a senior rating in basketball which is good for two years. This will place Miss Venable's name in the National Rule book, and will make her eligible to referee or umpire any official girls' basketball game.

In her tests in both theory and practice, Miss Venable made an average of 96, and is now one of only four women in Texas to have this national recognition.

The certificate she received showing her rating read:

"This is to certify that Mae Venable has been examined by the Denton Board according to examination drawn up by the Women's National Official Rating Committee, and has received a senior rating in basketball good for two years from the date, Jan. 6, 1934. Signed: Chairman local board, Bonnie Cottreal, and Chairman National Committee, Marjorie Hillas."

Mrs. Etna Petty and L. H. Strode Married At High Noon Sunday

Mrs. Etna Petty of this city, and Mr. L. H. Strode of Mexia were quietly married at the home of the bride 813 West Seventh avenue, Sunday at high noon. The Rev. L. B. Brown performing the ceremony in the presence of a number of friends.

After the ceremony Mr. and Mrs. Strode and several of their frinds drove to Mexia where a buffet dinner was served 20 guests.

The bride was wearing a blue and gray ensemble with accessories in gray.

Mr. and Mrs. Strode are at home at 605 Sumpter avenue, Mexia.

Teague Man Weds Fairfield Girl In Surprise Ceremony

FAIRFIELD, Jan. 6.—(Spl.)—Mr. Floris Schick, of Teague and Miss Josephine Newell, of Fairfield, surprised their many friends by being married New Year Eve at 8:30. In company with Mr. and Mrs. Leldon DuPry, they went to the home of Judge Benbrook who performed the ceremony.

The bride is a daughter of Mr. and Mrs. W. E. Newell. She is a graduate of Fairfield high school and is talented in music. Mr. Schick for some time has been carrying the mail between Fairfield and Teague, and is well liked for his accommodating, pleasing manners.

Here's Quickest, Simplest Way to Stop a Cold

1. Take 2 Bayer Aspirin Tablets.

2. Drink full glass of water. Repeat treatment in 2 hours

3. If throat is sore, crush and dissolve 3 Bayer Aspirin Tablets in a half glass of water and gargle according to directions in box.

Almost Instant Relief in this Way

The simple method pictured above is the way doctors throughout the world now treat colds.

It is recognized as the QUICKEST, safest, surest way to treat a cold. For it will check an ordinary cold almost as fast as you caught it.

Ask your doctor about this. And when you buy, see that you get the real BAYER Aspirin Tablets. They dissolve almost instantly. And thus work almost instantly when you take them. And for a gargle, Genuine BAYER Aspirin Tablets dissolve so completely they leave no irritating particles. Get a box of 12 tablets or a bottle of 24 or 100 at any drug store.

OBEYING THE CODES

According to General Johnson, only 48 employers out of a total of approximately 3,000,000 who accepted the blue eagle regulations have had their insignias taken away.

The record is one that speaks well for American industry and is evidence of a spirit of co-operation for the common good that should command public commendation. Not all of the concerns that signed up under the blue eagle did so in the belief that the national recovery act represented the best method of fighting the depression. Some of them even may have had serious doubts as to the wisdom and effectiveness of the innovation. But they were ready to yield their individual opinion and to join hands with the more optimistic business interests in an experiment that had the support of a large share of public opinion.

Chiseling has developed, as was predicted at the time the act went into effect and as is shown by the announcement that blue eagles have been taken from 48 code signers. It is unlikely that all of those who have failed to live up to their obligations have been detected and punished. But the number of violators evidently is small compared to the total of those who signed codes.

Continued support of the recovery act in the same proportion as that indicated by General Johnson should give the recovery act a chance to demonstrate beyond doubt its value in bringing prosperity back to the nation. The manner in which the codes have been observed to date should prove a source of gratification to all who believe in NRA as well as to skeptics.

CONVERSATION

It is called a lost art—this comfortable custom of easy talk in good company which deserves the name of conversation. But it was never an art, for there is no technique to it nor will it stand too conscious cultivation. Neither is it lost, but only mislaid in the muddle of too many occupations and distractions.

There is no end of good conversationalists, or there would be no end if opportunities for conversation still existed. Civilization seems to be in some sort of conspiracy against the gentle pastime of leisurely conversation. There are too many pre-occupations, hobbies and business demands on one's time to permit of even good table talk. Everybody is in too much of a hurry to finish dessert and be off.

If it were not for business and bridge and golf and fishing and reading and radio and automobiles, a man might now and then find time and place to talk a topic to an approximate finish with a friend and equal for no useful purpose except the pure pleasure of intelligent discussion.

There ought to be a law making conversation compulsory at three meals a day prolonged to not less than 60 minutes each. And there ought to be some way to shut up the few who have been doing all the talking and to compel the many who have done no talking to open up. Good conversation cannot be a one-sided arrangement.

FAME AND TOMORROW

Fame smiled at him and said:
"Well done, indeed, today-
A laurel for your head
And cheers along the way.
A medal for your breast,
A brief time free from sorrow,
This day you've done your best!"
But what about tomorrow?"

"Tomorrow?" "Yes," said Fame,
"Tomorrow you must rise
To labor just the same;
A new goal farther lies.
Soon will these medals fade
That are your coat adorning.
Today's success is made.
But what about the morning?

"Has triumph made you vain
That you'll attempt no more?
There still are heights to gain
Harder than those before.
Safely you've struggled through
This troubled and perplexed time,
Success has smiled on you!

DISILLUSIONMENT

Just a year ago perhaps even more recently, that new car for the purchase of which the old relic of 1930 was the down payment, represented the last word in the motor-car makers' art. It was the latest thing and looked like the last and best. by comparison with everything that had gone before it, it was motorcar perfection.

The lines of the streamline body, the color combination, the chromium plate, the performance, the equipment, the endurance qualities of that marvel of motordom convinced the owner that his automobile wants were satisfied for at least five years, for the industry could not possibly improve upon it within that time and nothing could antiquate it for at least a decade.

But January comes and the automobile industry, for nothing better to do, decides to hold a show. That meant producing something to show. Presto, change! Hundreds of 1934 models that put the proudest of 1933 in a class with the short skirts.

The satisfied owner of a 1933 model will come out of the automobile show the dissatisfied prospect for a 1934 model, convinced that if he can make a good trade his car needs for another five years will be fulfilled. And so arrival at the saturation point in automobile ownership is postponed another year.

FINLAND AT THE TOP.

The little country of Finland, small in territory and wealth as compared to France, today tops the latter as a nation that safeguards its honor by meeting its financial obligations as they become due. It not only outstrips France in this respect, but stands alone among all the nations owing the United States war debts.

It did not default or content itself with token payment such as Great Britain and some of the others did. It "came across" with the full amount due. It is true that the amount it owed was not as large as those of Britain and France, but neither are its resources. That the payments of approximately $200,000 may have made a strain on the country's finances is not improbable. Finland is far from a wealthy country, and $200,000 is to it what a much larger sum would be to Britain or France.

The government at Washington has given it credit for the payment. The American people, we believe, will see its action as evidence of a sense of national honor and self-respect on a par with that which they are proud to claim for their own government.

CONFIDENCE

Successful progress needs a destination that is worth while and worth seeking after. Confidence in such a goal is the mainspring of ambition, and without it work is barren and good intention is wasted. If zeal for a final goal be linked to some clear vision of it, our labors are full of hope and our progress keeps pace with our growth and strength.

The instinct of humanity has insisted through the ages that this life has for its end and purpose a fuller, richer and more truly human life of eternal and joyful service. Confidence in this destination has upborne men and women, and also whole peoples and races, through toil and anxiety that would otherwise have led inevitably to black despair and bitter sense of injustice.

We have learned to fight back at misfortune, to deny the autocracy of unhappiness and to work hopefully for freedom of the body and spirit of man. Yet we have not escaped the necessity for an eternal fact to justify the labors, hazards and riddles of life. These challenge and attack us from within as once cruelty and injustice beset us from without.

Knowledge alone does not satisfy our spirits; we still seek for meaning and design in the complex pattern of which we are a part. Without some firm faith and confidence in a purpose to life we are still in the shadow of tragedy—the tragedy of finding our labors and ideals a mockery and our life itself a jest.

THAWING OUT DEPOSITS

Announcement from Washington that the government will try to speed up the work of thrawing out frozen deposits in closed banks will carry hope to thousands of depositors still cut off from their savings.

It, at the same time, is a reminder that the work has been carried on much slower than originally was believed would be the case. The work was begun more than a month ago. Nearly $5,000,000,000 of private funds, however, still are tied up in closed banks.

It had been hoped that a large part of this huge amount would be released in time to make itself felt in the channels of holiday trade. The task apparently was more difficult of performance than had been expected.

If ways to overcome more promptly some of the obstacles have been found, the possibility of which is indicated in the latest announcement, this will be a welcome development. Thousands of persons will find themselves in a position to supply more adequately their needs, which will mean a general boost for trade.

The work of freeing frozen deposits is one of the most important of the recovery measures now engaging the attention of the government. That it is to be pushed indicates officials recognize this.

One Negro Slain, Another Wounded; Killer Is Sought

FAIRFIELD, Jan. 6.—(Spl.)—Clark Jones, negro, was killed, and Moses Henderson, negro, was wounded Sunday night at a negro's home, three miles northwest of Dew. The weapon used was a shotgun, said to have been in the hands of a negro, whose whereabouts are at present unknown.

All the parties are negroes, Jones being a son of Abe Jones, well known negro living east of Lanely.

TEXAS' NINETEEN CANNING PLANTS TAKE MANY COWS

FORT WORTH, Jan. 5.—(AP)—Texas' 19 beef canning plants, set up by the government to provide food for families on the direct relief rolls, have taken a total of 13,822 cutter cows off the surplus cattle market.

This was determined today in a survey of the 19 plants which are to close January 15 unless funds are provided for their continued operation. The survey shows that some of the plants have almost used up their quota of cutter cows, purchased from farmers in each district.

The plant at Houston is leading in the number of beeves slaughtered, the survey showing that 1,532 animals have been purchased for the Houston process plant.

The plant in Fort Worth has used 1,038 cows of its quota of 1,400. The plant has a daily production of about 8,000 pounds of beef a day.

The San Antonio plant has produced about 200,800 cans of beef. The plant at Houston has put up 469,592 pounds, or 238,025 cans of beef, and it has a daily quota of about 16,000 pounds.

At Waco the government canning plant has put up 148,600 pounds of beef in 80,691 cans The plant is operating on a daily quota of about 15,000 cans.

The following table shows the number of cattle that have been taken from the surplus market through the operation of government canning plants in Texas, and the quota of beeves for each plant.

	No. Pur.	Quota

BEAUTIFICATION OF LAKE HALBERT GETS APPROVAL OF CWA

Approval of a big application for CWA work in Corsicana was reported late Thursday afternoon by telephone by City Engineer W. W. McClendon from Austin where he had personally presented a project calling for the extensive beautification of the land around Lake Halbert.

Because of the limited time remaining before the CWA is scheduled to pass out of existence, plans are being made to inaugurate the work at once with 400 men working in a double shift to complete the project by February 15. Local welfare and relief officials assured the officials at Austin Thursday afternoon that the men were available if the project were approved and the new work was ordered at once.

Definite plans for the improvement of the grounds around the lake are now being prepared by the park department of the CWA with the assistance of city officials and great improvement is anticipated from the efforts. Among the features will be a big shelter house of native stone, a road around the lake, and perhaps a bridle path, along with the planting of numerous trees and shrubbery.

The work will call for an expenditure of more than $33,000, of which some $7,300 will go for materials and the remainder for labor.

A definite starting date and details of the final plans will likely be announced by the city engineer on his return from Austin.

County Administrator W. D. Robinson announced Friday that with the approval of the latest project practically al lof the available abe-bodied men on the rolls in the county woud be given employment. He reported that several of the county projects had gotten under way this week and that when the new project was started employment for all projects would total about 1500 men.

PRESIDENT PLEASED WITH APPARENT FULL CONGRESS SUPPORT

PROGRAM FOR PERMANENT DOMESTIC READJUSTMENT BEING DEVELOPED

By FRANCIS M. STEPHENSON

WASHINGTON, Jan. 5.—(AP)—President Roosevelt and congress, working so far in a spirit of team play, concentrated today on a developing program for permanent domestic readjustment which largely shoved aside international problems.

Quarters close to the president represented him as pleased both at the general tenor of Capitol Hill and the speed at which congress is tackling its tasks.

Indications came from the white house, meanwhile, that Mr. Roosevelt is giving renewed consideration to his bi-metalic monetary program. Leaders of the silver bloc in the senate were predicting optimistically today a new administration move to aid the cause of the white metal.

At the capitol, democratic leaders of the house held hope that chamber might pass on to the senate before nightfull the administration's $470,000,000 liquor tax bill.

Adding to the buzz of Washington activity the treasury today moved for a quick start toward credit borrowings that in the next six months will total $10,000,000,000 —nearly twice the actual amount of money now in circulation. It got down to work also in compiling a war debt statement demanded by the senate.

As the Roosevelt-Congress domestic program took shape, word came from Senator Robinson of Arkansas, the democratic leader, as the aftermath of a white house parley that the long pending protocol for American adherence to the world court would be sidetracked but that early consideration would be given to ratification of the pact with Canada for development of the St. Lawrence waterway.

President Is Calm.

The general support given his message to congress and his startling nine billion dollar deficit announcement was received quite calmly by the president as he turned to details of his congressional program.

Indications of new administration action to aid silver were strengthened by Senator Robinson's confident prophecy that there would be no silver legislation at this session.

Observers coupled this forecast with the white metal apparently has grown on capitol hill. They pointed out also that two democratic silver leaders in the senate —Wheeler of Montana and King of Utah—appeared pleased after a talk with Mr. Roosevelt yesterday but would not predict presidential approval of their 16 to 1 measure.

Something In Wind.

Apparently something is in the wind, but those who have talked with the president concerning his monetary policy are saying nothing even though giving indications of believing strongly that a new domestc money plan is in the offing. Here again, Mr. Roosevelt has cast aside international negotiations, asserting other nations are not prepared for permanent currency stabilization on a world wide basis.

The whole administration-congressional program is very pointedly based on a domestic readjustment.

Tariff Plan Later.

As soon as Secretary Hull returns from the Pan-American conference at Montevideo, the president will go over and transmit to congress his reciprocal tariff plan but even that contemplates no world-wide revision. Rather it will center on understandings with individual nations.

A little later, and probably in the same connection, Mr. Roosevelt will propose something on war debts.

While still determined to concentrate primary attention upon budget matters, the president is expected to pass on to congress shortly, possibly through special messages, his requests on continuation of the RFC at least until June 30, continuation of the Civilian Conservation Corps, alteration of the NRA and securies acts, and possibly stock market regulation.

LOCAL ODD FELLOWS INSTALL OFFICERS FOR ENSUING YEAR

The following officers were installed for the ensuing year by Corsicana Lodge No. 63, I. O. O. F., Thursday night:

B. F. Allen, noble grand; Ira V. Redden, vice grand; W. J. Lunn, secretary; E. A. Johnson, treasurer; W. H. Hayes, warden; L. M. Jones, conductor; B. D. Hardy, chaplin; Edward Park, right supporter to noble grand; Joe Rehders, left supporter to noble grand; J. D. Sachse, right supporter to vice grand; Boyd Payne, left supporter to vice grand; Travis Steele, outside guardian; G. H. Johnston, inside guardian; D. C. Redden, right scene supporter; W. A. McPherson, left scene supporter.

The finance committee is composed of J. I. Ellett, R. C. Talbot and W. O. Barlow.

The W. and O committee is composed of H E. Redden, C. C. Sands and W. J. Selig.

Dr. E. A Johnson has bene treasurer of the lodge for many years He was unable to be present at the nistallation services Thursday evening.

Courthouse News

District Court.

The jury for the week was discharged Friday morning by Judge Hawkins Scarborough.

The case of Homeland Realty company vs. Allen W. Griffin, et ux., debt and foreclosure, went to trial before Judge Scarborough, Friday morning.

District Clerk's Office.

Warranty Deed.

Russell S. Reid, et ux., to S. B. Jordan. Lot 1 Block "A" Neece addition, Corsicana. $10 and other considerations.

Sheriff's Deed.

Rufus Pevehouse, sheriff of Navarro county, for Lena Grant, et als, to Union Central Life insurance Company, 115 acres of the John Coughran survey $2,000.

FUNERAL SERVICES FOR VICTIM OF AUTO ACCIDENT SATURDAY

Funeral services for John Radney, 51, Rural Shade, who was instantly killed Wednesday night on Highway 31 several miles east of Corsicana when he was struck by an automobile driven by Andrew McClung of Kerens, will be held from the Dresden church Saturday morning at 10:30 o'clock with burial in the Dresden cemetery. The rites will be conducted by Rev. E. T. Miller, pastor of the First Baptist church here.

Officers who investigated the affair reported the accident was unavoidable. Radney and Freeland Hart, also of Rural Shade, had stopped their car on the highway to fix a flat tire.

Surviving are three sons, John Radney, Jr., William Radney and George Doyle Radney, all of the Rural Shade community; a daughter, Mrs. Eva McCollum, Houston; six grandchildren, a brother, Charles Radney, Clarendon; two half-sisters, Mrs. Annie Howell, and Mrs. Ella Perry, both of Kerens; and four half-brothers, Clyde Radney, Roe Radney and Floyd Radney, all of Houston; and Sam Radney, McCullough county.

Hart received critical injuries in the accident. Both legs were broken and other injuries were reported.

P. and S. Hospital attaches reported Friday that Hart was in "a very critical condition."

The Radney funeral will be directed by the Corley Funeral Home.

ALL DIRECTORS AND OFFICERS OF STATE NATIONAL RENAMED

All directors and officers of the State National Bank of Corsicana were re-elected at the annual meeting of the shareholders of the institution held in the bank quarters Thursday night, I. N. Cerf, president, reported Friday.

A very satisfactory year, with a substantial increase in deposits and a general improved condition and outlook for future business was reported by the officers as they submitted the financial statement covering the year's activities.

The /following directors were unanimously re-elected: E. E. Babers, J. O. Burke, J. E. Butler, I. N. Cerf, W. M. Davidson, A. B. Douglass, Jr, C. L. Jester, George E. Jester, Homer B. Jester, I. T. Kent, M. L. Levine, W. P. McCammon, C. A. Middleton, N Suttle Roberts, P. D. Williams, and W. T. Woodruff.

At the meeting of the board of directors after the shareholders' session, the following officers were re-elected: I. N. Cerf, president; P. D. Williams, vice-president; N. Suttle Roberts, vice-president; George E. Jester, vice-president; J. E. Butler, vice-president; W. M. Davidson, cashier; and Hallie G. Hampton, assistant cashier.

HOPKINS ASSERTS NO MORE GRANTS TO OKLAHOMA SLATED

WASHINGTON, Jan. .—(AP)—In the face of a virtual shut-down of direct relief activities in Oklahoma due to lack of funds, Harry L. Hopkins, the federal relief director, said today no further grant of federal funds to that state was contemplated.

He declined to assign any reason for halting federal aid to the state other than to say:

"There have been some changes in the setup out there and there will be some more."

Advices from Oklahoma City said that only $250,000 remained in the state's relief fund, but Hopkins said he thought $600,000 would be a more accurate figure. He declined to comment on the reason for the disparity of estimates, saying merely "they have money with no strings on it and I don't understand why they don't use it."

Meanwhile, the administrator expressed gratification at reports from Texas that that state yesterday had negotiated the sale of $1,148,000 worth of state relief bonds. Texas has been cut off from further federal aid until it shall have spent $3,000,000 of its own funds.

Officer Held Suicide.

HONOLULU, Jan. 5.—(AP)—Second Lieut. Howard R. Martindell, 24, who was found dead ni his quarters at Fort Kamenameha yesterday was "apparently a victim of suicide," said an official statement.

There was a bullet wound in the officer's head.

MID-TERM EXAMS AND GRADUATION DATES ANNOUNCED

GENERAL INFORMATION IS GIVEN OUT BY SUPERINTENDENT NORWOOD

Information concerning the giving of final examinations in all the Corsicana public schools, and the dates of the junior and senior high school mid-term commmencement exercises were announced Friday morning in bulletins to the principals of all the schools, by W. H. Norwood, superintendent. Examinations in both the junior and senior high schools will begin Monday, Jan. 22, and close Wednesday morning, Jan. 24, and report cards will be delivered Friday afternoon, Jan. 26, at one o'clock, it was announced.

Comencement exercises for the junior high school will be Friday morning, Jan. 26, in the school auditorium at 10 o'clock, and the senior high school exercises will be at 8 o'clock Friday night, Jan. 26. The bulletin pointed out that exceptions may be made by the principals in delivering report cards to the students who will graduate.

Following is the information as announced Friday morning by Superintendent Norwood:

Final Examinations

Elementary Schools—In the elementary schools the final examinations should be given so that the last examination will be held on Friday morning, January 26. Friday afternoon and Saturday morning, January 26 and 27, will be used for grading papers and making reports. The children will receive their report cards on Saturday afternoon, January 27, at one o'clock. The first, second, and third grades will be dismissed at noon on Friday, January 26, and these teachers will be expected to be on duty the remainder of Friday and Saturday until after one o'clock. Unless a variation is approved by the Superintendent, the schedule in the department will be as follows: Spelling to be given at regular class time on Tuesday, January 23; two examinations to be given Wednesday morning; one examination to be given Wednesday afternoon; two examinations Thursday morning; one examination Thursday afternoon, and two examinations Friday morning. New classes will begin in the Elementary schools on Monday morning, January 29. The principals will plan to run regular schedule that day.

Junior High School.—Final examinations in the Junior High School will begin Monday, Jauary 22, and close on Wednesday morning, January 24. The pupils in the Junior High School will receive their report cards on Friday afternoon, January 26, at one o'clock. The intervening time will be used in making reports, grading papers, and the graduating exercises. Exceptions may be made by the Principal in the time of delivery of report cards for those graduating. New schedules will be made for the eighth grade students on Saturday, January 27, and the seventh grade students on Monday, January 29. Class work will begin on Tuesday, January 30.

Senior High School.—The final examinations in the Senior High School will begin on Monday, Jan. 22, and close Wednesday morning, January 24. The report cards will be delivered on Friday afternoon, January 26, at one o'clock. Exceptions may be made by the Principal for those graduating. New schedules for students will be made on Saturday, January 27, and Monday, January 29. Class work will begin on Tuesday, January 30.

Saturday Schedule

Recently it was decided to use one Saturday schedule at mid-term. The day thus made up would be used for the city schools for Field Day activities. This date will be announced later. The principals will take note in their monthly statistical reports that Saturday, January 27, is the first day of the Spring Semester.

Piano, Violin, Expression

The Violin Examinations will be given in the Senior High School auditorium on Saturday, January 20, beginning at 10:00 o'clock. The Piano and Expression Examinations will also be given in the Senior High School auditorium, and will begin Wednesday, January 24, at one o'clock and will continue through Thursday, January 25.

Commencement Exercises

Junior High School—The commencement exercises for the Junior High School will be held on Friday morning, January 26, at the Junior High School Auditorium beginning at 10:00 o'clock.

Senior High School — The commencement exercises for the Senior High School will be held Friday night, January 26, at the Senior High School Auditorium beginning at 8:00 o'clock.

Colored Schools.

The final examinations in the Jackson and Washington schools will close on Friday, January 26, at noon. The children in these schools will receive their report cards on Saturday, January 27, at one o'clock. New classes will begin on Monday, January 29.

Yours very truly,
W. H. NORWOOD,
Superintendent of Schools.

CWA Project For Blooming Grove Is Given Approval

BLOOMING GROVE, Jan. 5.—Earl Griffin, in charge of CWA work here, announces that the project for drainage for the sewer disposal plant here has been approved and money appropriated This will give 40 men work for 20 days.

It is expected that by the time the sewer drainage project is completed the beautifying campaign for the high school campus will be approved.

No Katy Employe Killed.

KANSAS CITY, Jan. 5.—(AP)—The Missouri-Kansas-Texas lines established an all-time safety record for the road in completing 1933 without a single reportable accidental death to an employe, it was anonunced here today. Last year one employe died as the result of acidental injuries.

ELEVEN YEARS AGO FIRST DEEP GUSHER SPRAYED OIL HERE

ONE OF WILDEST DRILLING CAMPAIGNS IN HISTORY INDUSTRY FOLLOWED

Eleven years ago today the name Corsicana was on the tongue of every oil man and held out flaming hopes of wealth to thousands who had invested their savings in oil stocks, and hundreds raced over the black dirt roads of Navarro county to the site of the discovery well of the modern Powell oil field, the Corsicana Deep Well Company's J. H. Burke No. 1, the first pay producer in the modern Woodbine horizon.

It was quite a different scene on that occasion than another some quarter of a century prior to 1923 when the finding of oil in a hole being drilled for artesian water was regarded as a calamity rather than a godsend. Just as the earlier discovery marked a new era in the history of Navarro county, so did the bringing in of the producer at midnight of January 7-8, 1923, start another era.

Within an incredibly short time after the discovery well was brought in the Powell area was the scene of one of the wildest drilling campaigns in the history of the oil industry, and land and lease prices boomed to the extreme heights of all time for this area. Corsicana's population was almost doubled in a short time, and the city again took a very definite step forward, forgetting for a time the agricultural honors that had been acquired through the years by the garden spot of Central Texas.

All-weather roads were planned, numerous civic improvements were made, and a modern city hall erected without the taxpayers of the city having to contribute to its construction.

Today Corsicana is still a name revered in the annals of the oil industry and there are those who still cling, and with some justification, to the belief that still other pay horizons exist in this section, and seldom does a quarter of a year pass that a large number of leases are not filed in the office of the county clerk, and even with chaotic conditions in the oil industry of today, new plans for additional tests are rumored at frequent intervals.

WORK PROGRAM AND VISITING DATES FOR FOUR-H CLUB GIRLS

Program of work and visiting dates for Navarro County Girls' 4-H clubs was announced Saturday by Miss Ruth McNabb, home demonstration agent. All of the girls' meetings will be held in the morning hours.

The work for January will consist of hemming hand towels, darning and starting work on the simple clothing account; and in addition to a garden plan will be worked out. February will see a continuation of this work with renovating of old garments as the indoor project, while the outdoor work will consist of testing garden seed.

The schedule of visitation follows:

January 9, Purdon; 10-Bryan, 11-Pursley, 12-Rushing, 16-Mildred, 17-Navarro, 18-Angus, 19-Powell, 23-Richland, 24-Griffin,, 25-Long Prairie, 26-Chatfield.

FUNERAL SERVICES SUNDAY AFTERNOON FOR M. L. BECKHAM

Funeral services for Marvin L. Beckham, 22, who died in the Navarro clinic early Saturday morning following a several days' illness with pneumonia, were held Sunday afternoon at 2:30 o'clock at the Black Hills church with burial in the Black Hills cemetery.

Surviving are his parents, Mr. and Mrs. J. M. Beckham, two brothers, Charlie and Hayward Beckham; and four sisters, Melissa, Geneva, Evelyn, and Margie Lou Beckham, all of the Black Hills community.

Active pallbearers were Willie Poarch, Leslie McCulston, Marshal Massengale, D. C. O'Neal Artie Drain and Jack Gray.

Honorary pallbearers were Alvin Thimpson, Neal Stover, LeRoy Holland, Owen Beaman, Rex Melton and Raymond McClintock.

The funeral was directed by the Corley Funeral Home.

MDIVANI

(Continued From Page One.)

ry Owen, special investigator for the Los Angeles district attorney's office, took up a subpoena serving vigil. Owen, who boarded the princess' train at Sacramento, only to find the princess had turned back before reaching the California line, said he will remain on guard.

The subpoena for the prince is as a witness in the grand theft trial in Los Angeles January 15 of his two brothers, David and Serge, whose oil company operations brought them in conflict with the law.

Prince Alexis left the train after being met at Reno by his brother-in-law, Charles H. Huberich, Paris attorney.

Huberich, who has been advising David and Serge Mdivani in Los Angeles, and two women, whom he identified as his wife and secretary, accompanied Alexis on the plane journey.

On her arrival in San Francisco the heiress was accompanied by a cousin, James Donohue, and Mme. Nancy Allard, her secretary and childhood tutor. She appeared undisturbed about the prince's hasty airplane detour and declared the sailing for the Orient will be on schedule.

Reaches Portland.

PORTLAND, Ore., Jan. 8.—(AP)—Prince Alexis Mdivani, skirting around the edges of California where a process server waited for him, arrived in Portland at 6:50 a. [illegible] today from Salt Lake City.

The prince and his party planned to continue to Seattle on the 11:15 a.m. plane. They went from the air port to a hotel.

No comment was made on the prince's sudden departure at Reno, Nev., from his honeymoon train which carrid his bride, the former Barbara Hutton, Woolworth heiress, to San Francisco to await the boat on which they had reserved an elaborate suite for an Oriental voyage.

MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

DASHING THREE-PIECE MODEL!

Pattern 1695

by Anne Adams

When the smart sub-deb sets her eyes on this stunning model, her fingers will itch to start sewing immediately! It's the most adorable enemble ever—a chic little bolero, smart jumper frock and a guimpe. Sheer wool and cotton make an excellent combination—or all cotton, for the new ones look like wools, are all the rage and terribly inexpensive. She'll love the perky epaulets on the bolero, the smart seaming of the jumper, the fetching sleeves and close-to-the-neck collar of the guimpe. And, too, the illustrated sewing Instructor will make the work so much simpler.

Pattern 1695 is available in sizes 12, 14, 16, 18 and 20. Size 16 takes 2 1-4 yards 54 inch fabric and 1 5-8 yards 36 inch contrasting.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. Be sure to state size.

The Current Edition of The Anne Adams Pattern Book will help you save money. Order your copy today! Price of Catalog fifteen cents. Catalog and Pattern together, twenty-five cents.

Address orders to the Corsicana Sun Pattern Department, 243 W. 17th Street, New York City.

ST. LAWRENCE

(Continued From Page One)

the question would be brought up unless the President sends a message. Opponents of ratification claim they have more than sufficient votes to defeat it.

Both house and senate meanwhile marked time today, the opening of the second week of congress, while their committees grappled with liquor legislation growing out of repeal of the Eighteenth amendment.

Liquor Tax Main Issue.

While awaiting President Roosevelt's legislative recommendations, congress concentrated on getting the new liquor tax schedule on the statute books and working out a liquor regulation law for the District of Columbia.

The liquor tax conflict moved over to the senate side where the finance committee arranged to meet in executive session to consider the $2 a gallon levy approved by the house last week. A house committee was rushing consideration of the local liquor law in an effort to get it out onto the floor this week.

Confirmation of Henry Morgenthau, Jr., as secretary of the treasury was on the senate schedule while it waited for the finance committee to act, while the house gave its members their long awaited chance to deliver a few speeches and act on miscellaneous measures.

Senate Program.

The senate program for the remainder of the week depends upon the speed with which its committee handles the liquor tax bill. There still remained the possibility that the St. Lawrence treaty would be called up even without word from Mr. Roosevelt should the tax measure be unduly delayed.

Approval of the liquor tax bill today or tomorrow by the finance committee was a distinct possibility as hearings on the measure were held in conjunction with the house before congress opened.

An obstacle to such speedy action was presented, however, in a great many proposals by members of the committee for amendments. Chairman Harrison sought the committee's serious consideration of the proposal for a combined federal-state gallonage tax of $2.60.

POISON CANDY

(Continued From Page One.)

typewritten address and fingerprints on the wrapper were the principal clues.

Mailed From Philadelphia.

The postmark showed the candy had been mailed from Philadelphia on Nov. 18. The wrapper bore the return address "61 Main street, Norristown, Pa." which is next door to a house once occupied by the Fitzgeralds.

The inquiry was kept secret until the arrest.

Fitzgerald, who is reported to have inherited $65,000,000, and Mrs. Hobart are children of the late Harrington Fitzgerald, editor and business manager of the old Philadelphia Item. Their grandfather, Col. Thomas Fitzgerald, founded the paper.

The Hobart family came to Troy several years ago from Norristown, the husband, Samuel O., was employed by the Niagra-Hudson Corporation in building a coke and gas plant. Later he went with the Witherbee-Sherman Company at Port Henry, Essex county.

Mr. Hobart has refused to comment on the case.

A short, sturdy woman whose brown hair shows streaks of gray, Mrs. Hobart was not moved by the arret. Nor has she since showed emotion, say jail attendants.

LAKE HALBERT

(Continued From Page One.)

day morning in time to report for duty with the workmen.

A portion of the plans for the project were mapped out in Austin by the headquarters staff from blueprints of the lake area which City Engineer W. W. McClendon took with him to the state capital with the application for the project. Additional work was done on the plans over the week-end after a personal inspection of the Lake Halbert layout, and the final draft of the project is expected by the end of this week.

$35,000 Will Be Spent.

The application for the project was approved for the sum of $35,000, slightly more than the original estimate.

The work started Monday at a point justa east of the Burlington-Rock Island tracks that traverse the lake, and will follow the course of the lake as nearly to the dam as the time for the project will permit. An earlier project approvd had provided for the building of a road from Highway 22 to the railroad on the north side of the lake and will unite with the project at that point.

Modern Boat House.

The plans also include the construction of a boat house on the north side of the lake 120 feet long, 35 feet wide, and 10 feet high, with accommodations for 20 boats and private lockers for each of them. Other features will be a fishing pier and the erection of picnic shelters at strategic points, with Navarro county stone from the Richland quarry as the principal building material.

Mr. Davies had established headquarters in the drafting room of the city engineering department on the second floor of the city hall.

Mr. Broad will exercise general supervision over the local project, dividing his time between Corsicana and three other cities in this section of the state.

City officials and local CWA officials are planning to concentrate their efforts on the lake project as long as necessary in an effort to complete the work by the expiration date of the Civil Works Administration which is scheduled on February 15. City Engineer McClendon said Sunday that work would be suspended for the time on all projects now under way in the city with the exception of one drainage ditch now under construction.

INMAN

(Continued From Page One)

her in Holdenville in 1921. Their romance was shortlived.

Later he was arrested on a burglary charge, broke jail with Ray Terrill, bank bandit, and returned to burglary.

He was caught in Oklahoma City and sentenced to seven years imprisonment, escaped by jumping out the window of a train but later was recaptured in Arkansas, and completed the sentence Sept. 1, 1931. Out again, he soon was in again, ending a two-year sentence for burglary in Rogers county, May 20, 1933.

Underhill Dead.

His capture and Underhill's death leave but four of the Southwest's major criminals at large. They are Charles "Pretty Boy" Floyd, Oklahoma bank robber; Clyde Barrow, Dallas, Texas gunman, accused of half a dozen murders; Ed Davis, Kansas robber and last one of the 11 convicts Underhill led over the walls of Lansing prison last Memorial Day; and Richard T. Gatatas, wanted "dead or alive" for the Union Station slaying of four officers at Kansas City last June 17.

Another "hit" for the law was scored last night as a guard's gunfire halted two convicts' attempt to scale State's prison walls at McAfester. Leon Lemon, serving 10 years for robbery in Carter county, was wounded. His companion, Chick Rogers, serving 11 years for auto theft in Oklahoma county, escaped unhurt.

Inman and Roe in Separate Cell Blocks

OKLAHOMA CITY, Jan. 8.—(AP)—Two alleged survivors of the Wilbur Underhill gang, Elmer Inman and Raymond Roe, were held in separate cell blocks of the county jail here today because, officers said, Inman threatened to "take off" Roe.

Shot and captured near Bowlegs yesterday, Inman was held in a fourth floor cellblock for alleged participation in the attempted burglary of the First National bank of Harrah Dec. 11. Roe, captured in the Shawnee gunfight that resulted in the fatal wounding of Underhill and Eva Mae Nichols, Seminole Beauty parlor operator, was imprisoned three floors below.

"Roe got Eva Mae Nichols killed by holding her in front of him when the shooting started," Deputy Sheriffs W. I. Eads and W. E. Agee quoted Inman as saying. "He's nothing but a big punk and lady killer and I'm going to take care of him."

Roe also had been accused of the Harrah robbery, which Underhill confessed before he died.

Both men were working on the CWA project of repairing sidewalks about the county property.

Pursley Resident Saw Deer in Yard On Friday Night

H. C. Brown of the Pursley community reported that he saw a large deer in his yard Friday night. He thought the deer had come from near Kerens where a number had been placed by the sportsmen in order to stock the Trinity river bottoms with the game again. It probaby followed Richland creek to the Pursley community, he said.

Partner Retires; Its Fenner & Beane As When Organized

Announcement was made Monday that the name of the firm of Fenner, Beane & Ungerleider had been changed to Fenner & Beane on January 1, thus resuming the original cognomen adopted when the establishment was founded in New Orleans in 1917.

Samuel Ungerleider, partner in the firm since December, 1931, has retired to enter another line of business, C. G. Sanford, Corsicana branch manager, said Monday, in announcing the chage in name.

Corporation Court.

Four charges of intoxication, one of parking too near a fire plug, and one of disturbing the peace appeared on the docket of the corporation court Monday morning for the action of Judge H. S. Melear fllowing arrests made by the police department over the week end.

BEAUTY CHATS

By Edna Kent Forbes

All requests for beauty information desired by Edna Kent Forbes column followers must be accompanied by a fully self-addressed stamped envelope (s.a.s.e.) and two cents in stamps to cover cost of printing and handling. For the illustrated pamphlet, "BEAUTY" ten cents in stamps with fully s.a.s.e must be enclosed. Address Miss Forbes in care of this paper

WELL-TENDED HANDS

If you give your hands the daily care I shall describe, they will always have that well manicured, nicely-tended look that we think of when we think of very rich and leisurely and petted women. I suppose there are wealthy and idle women of this sort in the world, though I happen not to know any. The rich women I know work pretty hard; most women these days work hard at one job or another. But most of them also keep their hands in first class condition.

You need a good hand lotion. That is easy, because you can buy any number of lotions cheaply and you can also make yourself the ever useful lotion of half glycerine and half rose water, shaken together. To an eight ounce bottle of this you can add two drops of carbolic acid if you are very sure of what you are doing. You had best ask your druggist to do it for you—he would know that a one per cent carbolic solution of this sort is mildly healing and a two per cent a very good strength and that one musn't have more! I gave it to you first even weaker than this, but I am afraid of a reader forgetting the amount after she had laid down the paper, and then using too much.

Use this or any good hand lotion liberally during the winter, putting some on the hands each time after you have have washed and dried them. This feeds the skin. Use a nourishing cold cream on the nails at night as well, pushing the cuticle back then with an orangewood stick. In the morning, when you are ready to go out and have washed your hands, use oil on the nails, pushing the cuticle back again with the orangewood stick.

This is all you need do to keep hands and nails in first class shape. Except of course, the usual weekly thorough manicure.

D. G.—An exercise for reducing the thighs is done as follows: Stand with one foot before the other, and hands on hips. Squart until you all but sit upon the heels of the back foot, which will turn up naturally as you take the squatting position. Rise to first position, then squat, and continue the movements for at least ten times. Then exercises will also make the flabby muscles firm while getting rid of the extra fleshiness.

R. H. W.—The only thing you can do to make your hair black is to dye it to that color, and keep this up until your own natural shade has been restored to the full length of your hair. You will not be as apt to make mistakes in coloring as black is more easily obtained than any other colors.

SUPERINTENDENTS AND PRINCIPALS OF SCHOOLS ORGANIZE

The Navarro County Teachers Association, composed of 18 principals and superintendents of county schools, was organized at a meeting in the courthouse Saturday morning. The purpose of the association is for the discussion of general school problems.

The new organization will meet on the fourth Tuesday night of the month, and the next meeting will be held at Emhouse, Tuesday night, Jan. 23.

Officers elected are G. H. Brown, county superintendent, chairman; H. A. Garland, Mildred, vice chairman; and J. C. R. Sanders, Rice, secretary.

C. C. Morris, county demonstration agent, delivered the principal address at the organization meeting Saturday morning.

EIGHTEEN PARDONS GRANTED SATURDAY BY GOV. FERGUSON

AUSTIN, Jan. 6.—(AP)—Executive clemency was granted today by Gov. Miriam A. Ferguson in the form of full pardons to three Texas convicts and conditional pardons to 15 others.

Full pardons were granted to:

J. W. King, Washington Johnson, Robertson, Fort Bend, Burleson, Ellis and Milam counties, burglary and theft; four years.

Hardee Trailer, Wood county, chicken theft; one year, convicted in Fegruary, 1933.

Tommie Clay, Smith county, violating prohibition law; one year.

Personal

J. O. Sessions of Bazette, county commissioner, was a business visitor in Corsicana Saturday afternoon.

E. O. Zeanon of Dawson was in Corsicana Saturday.

Cotton Reduction Plan Entirely Equitable To Landlords and Tenants

Simultaneously with the attack of Congress on the financial and legislative problems of the nation under the personal supervision of President Franklin D. Roosevelt, another campaign has been launched under the direction of Secretary Henry A. Wallace, of the Department of Agriculture which is of much more vital importance to the South and particularly to Corsicana and Navarro county than the more spectacular and publicized doings of the representatives and senators in the national capital.

This campaign is the drive to secure a reduction of fifteen million acres in the cotton acreage for the year of 1934 and ten million acres in 1935 with the sound purpose behind it of adjusting the supply of cotton to the market requirements and the raising of prices received by farmers for their cotton to the pre-war parity with regard to prices paid by farmers for the things they buy. A successful start in this direction was made in the 1933 campaign, and much further strides are anticipated in the 1934 campaign, and even possible completion of the task, but no chances are being taken and the campaign is also being projected for 1935.

World Supply Too High.

Approximately ten and a half million acres were taken out of cotton cultivation in 1933, causing a reduction in the crop of about five million bales in the annual crop, but still the world supply of American cotton is about twenty-five million bales, a figure regarded as far too high and the principal factor in the continued decline of cotton prices in recent years, because of the drastic slump in consumption resulting from the depression and record production.

It is freely admitted that if there had been no reduction in 1933 that another bumper crop would have resulted and not more than 5 cents per pound could have been obtained for the product, and again the world market would have been glutted beyond all previous records. The 1933 campaign resulted in American farmers receiving more than 4 cents per pound more for their cotton than they would have otherwise, and at the same time reduced the world supply—and the acreage reduction resulted in an increase in value of the crop of about $315,000,000 to the cotton farmers, and more than two and a half million dollars to the farmers of Navarro county alone, with over a million in rental payments alone.

Farmers Will Co-operate.

With such definite evidences of the success of the 1933 program, a majority of the farmers of the South are willing and anxious to again become partners with the federal government in working out the farmers' salvation, particularly this year when the return of laborers from industrial centers and the absence of other profitable crops would most probably result in a disastrous increase in cultivated acreage without the curtailment program.

Some complaint has been heard [illegible] a few farmers in various lo[illegible]ities who refused to participate [illegible] the campaign of last year reap[illegible] even larger rewards than those who co-operated with the government. About such farmers this year the secretary of agriculture says: "The secretary of agriculture intends that producers who sign contracts shall fare better than those who do not. All the power granted under the agricultural adjustment act will be used to accomplish this end. The rental and parity payments will go only to those who co-operate."

In addition to this fact, these men and their attitudes in refusing to co-operate with their fellow-workers, bankers and business men have become well known to the general public, and in addition to unfavorable public recognition for their roles, these men are going to find those men with whom they have to deal each year in the production of their crops will have a tendency to be just as non-co-operative with the recalcitrant producer as he is with the government.

Few Changes Made.

Few changes have been made in the program for 1934 from that used in 1933, aside from the fact that more time is available for the completion of the drive while last year's was an emergency measure. The process has been simplified as far as possible, the use of "rented acres" further clarified, the recipient of the rental payments clarified, and the parity payments added.

The language of the new contracts says that "any producer who is the owner, landlord, cash tenant, or managing share tenant and who owns or controls a cotton farm" is eligible. A managing-share tenant is defined as "one who furnishes work stock, equipment and labor used in the production of cotton and who manages the operation of the farm." When a contract is signed to cover a given piece of land, all tenants on that tract are equally responsible with the landlord for the carrying out of the provisions of the contract just as it would be in any other business enterprises where the head of the firm makes a ruling or signs a contract, and all employees must abide by its terms.

Warning Issued.

In Texas, and particularly in Navarro county, it is estimated that in at least 90 per cent of the cases the managing-share tenant will be the landlord; while the average third and fourth share tenant supplies his own labor and equipment, he does not manage the operations of the farm and thus cannot be construed as the managing-share tenant. However, a vigorous warning has been issued by the federal authorities against a landlord or owner changing the status of his tenants in any manner to deprive them of any just portion of the cash returns from the government payments.

Under these conditions the landlord will sign the contract and will receive the rental payments, consisting of three and a half cents per pound for the average lint yield per acre for a five year period from 1928-32, in no case to exceed $18 per acre. In addition the landlord will receive the same portion of the "parity" payments as the crop is divided between landlord and tenant.

Entirely Equitable.

At first glance it would seem that some injustice would result from such a division but more careful analysis indicates that it is entirely equitable. The first cash returns from the land will go to the landlord or owner, the tenant will receive the bulk of the parity payment which will be not less than one cent per pound of the farm allotment or 40 per cent of the average yield per acre for the basic period; and in addition the tenant will reap the major benefits from the increased price which will result from the success of the campaign, and will also have considerable land available upon which he is privileged to exert his best efforts to provide himself and his family with a better and more substantial living.

Must Divide Money.

All payments will be made to the producer but he is under contract to pay all share-croppers or tenants a full proportionate part of all parity payments, determined by the tenant's share of the crop. Other consideration shown the tenant in this program includes as far as possible making the acreage reduction ratable among all tenants on a farm; the normal number of tenants and employees maintained; and all tenants shall be allowed to continue in the occupancy of their houses on the farm, rent free, for 1934 and 1935 unless any such tenant becomes a nuisance or menace.

Other Provisions.

Other provisions of the new program will permit a landlord to make a single contract covering all of the land which he owns and operates himself; however, in the case of several tracts being operated under single management with divided ownership, separate contracts will be required for the tracts.

In the case of the "rented acres" under no circumstances can any crop be grown for sale, directly or indirectly, upon the land taken out of cotton productin; feed crops may not be diverted to the taken out acres to release other grounds for cash crops; and the land cannot be made a source of profit by renting or otherwise disposing of its use by sale or exchange directly or indirectly of products from the land.

The campaign was formally launched in Navarro county Thursday and it is hoped that it will be completed by Saturday, January 20.

COMING

DR. REA OF MINNESOTA

Well Known in Texas
CORSICANA
Navarro Hotel
Tuesday, Jan. 16th
ONE DAY ONLY
Hours—10 A. M. to 4 P. M.

Dr. Rea, specializes in stomach, liver, intestinal and rectal diseases as complicated with other diseases without surgical operation.

Has a record of many wonderful results in stomach ulcer, liver, bowels, kidneys, bladder, skin, heart, lungs, asthma, rheumatism, pellagra, blood diseases, goitre, and many so called incurable chronic diseases.

Dr. Rea uses the hypodermic injection method for small tumors, suspicious skin growths, piles, varicose vieins, tubercular glands. Has a special diploma in diseases of children, treating such diseases as slow growth, bed-wetting, deformities, malnutrition, large and infected tonsils.

Dr. Rea's purpose and plan is to treat all available cases at this time and to prepare with proper data medical treatment to be furnished later when treatment is desired. Dr. Rea does not discourage operations when properly advised. Remember the date and bear in mind that his treatment is different.

Consultation, Examination and Diagnosis Free, medicines at reasonable cost to those acceptable cases where treatment is desired. Married women requested to come with husbands, and children with their parents.

[illegible] Rea Bros. Medical Labora[illegible] Minneapolis, Minnesota. Since [illegible] (Adv.)

Wooden Mallet Made By Father Is Prized By Dock Bryant

A wooden chisel mallet, hewn from a big knot on a post oak tree more than 30 years ago by the late Joe Bryant of Corbet, and given to Judge Sam B. Jordan, who was a carpenter for many years prior to being elected to the office of justice of the peace, was given Dock Bryant of Corsicana Saturday morning by Judge Jordan. The mallet was exhibited at the Owen Confectionery Saturday morning.

The mallet is prized highly by Mr. Bryant as it was made by his father.

Cotton

Texas Spot Markets.

DALLAS, Jan. 8. (AP)—Cotton 10.55; Houston 10.65; Galveston 10.65.

New York Cotton Hable

NEW ORLEANS, Jan. 8.—(AP)—Cotton futures closed steady at net advances of 12 to 15 points.

	Open	High	Low	Close
January	10.55	10.60	10.55	10.60-b
March	10.62	10.69	10.59	10.68
May	10.77	10.80	10.77	10.86
July	10.91	11.01	10.91	11.00
October	11.08	11.10	11.08	11.17
December	11.25	11.31	11.25	11.30-31

New York Cotton Table.

NEW YORK, Jan. 8.—(AP)—Cotton futures closed very steady, 11-14 higher.

	Open	High	Low	Close
January	10.66	10.67	10.60	10.65-n
March	10.68	10.74	10.65	10.72-73
May	10.86	10.90	10.82	10.88-89
July	10.99	11.05	10.95	11.03-04
October	11.15	11.24	11.14	11.20
December	11.32	11.37	11.30	11.36

Spot quiet; middling 10.85.

New Orleans Spots Higher.

NEW ORLEANS, Jan. 8.—(AP)—Spot cotton closed steady, 13 points up. Sales 869; low middling 9.98; middling 10.63; good middling 11.08; receipts 1,778; stock 814,528.

Chicago Cotton Futures.

CHICAGO, Jan. 8.—(AP)—Cotton futures closed: Jan. 10.72; March 10.76; May 10.92.

Liverpool Cotton Higher.

LIVERPOOL, Jan. 8.—(AP)—Cotton, 100 bales, all American. Spot good business done; prices nine points higher; quotations in pence: American strict good middling 6.35; good middling 6.05; strict middling 5.90; middlng 5.75; strict low middling 5.60; low middling 5.35; strict good ordinary 5.15; good ordinary 4.85. Futures closed very steady. Jan. 5.51; March 5.50; May 5.49; July 5.49; Oct. 5.51; Dec. 5.53.

New York Cotton Steady.

NEW YORK, Jan. 8.—(AP)—Cotton opened steady, 6 to 14 higher in response to higher cables and on active trade and commisison house buying. Jan. 10.66; March 10.68; May 10.86; July 10.99; Oct. 11.15; Dec. 11.12.

The opening advance carried March up to 10.69 and July to 10.99 but these prices seemed to meet active realizing or liquidation. There was also some New Orleans selling here which some thought might possibly be for government agencies handling option contract cotton.

The buying continued, with the market fairly active after the call and prices were holding within 2 or 3 points of the best at the end of the first half hour.

A considerable volume of realizing and scattered selling was absorbed on the moderate early setback and the market soon firmed up an continued trade and commission house buying. March contracts advanced to 10.74 while July sold up to 11.05, making net gains of 13 to 16 points. Those prices brought in another flurry of realizing or some liquidation of old limits but the offerings were fairly well taken on reactions of 4 or 5 points and the market was steady at midday with active months showing net advances of 9 to 12 points.

Futures closed very steady, 11-14 higher. Spot quiet; middling 10.85.

New Orleans Cotton Active.

NEW ORLEANS, Jan. 8.—(AP)—Cotton opened active and firmer today, in sympathy with higher cables than due. Sterling was easier and gold unchanged. First trades here were 6 to 8 points up, with March at 10.62, May at 10.77 and July at 10.91. March reacted 3 points right after the start, on rather heavy hedge-selling in that month, but this selling was promptly absorbed by trade buying and price fixing and as stocks started firmer, cotton soon made new highs at 10.63 for March, 10.78 for May and 10.92 for July, or 7 to 9 points above Saturday's close.

At the end of te first half hour the market was steady and at the highs.

The market ruled fairly active all morning with prices continuing to show an upward tendency, on the trade buying, price-fixing and short covering, helped by firmer stocks. Near noon March traded at 10.69, Map to 10.86 and July to 11.01, or 15 to 16 points above Saturday's close. October sold at 11.19, a new high for the season on that option.

At noon the market was steady and one point under the best.

N. O. Cottonseed Oil Steady.

NEW ORLEANS, Jan. 8.—(AP)—Cottonseed oil closed steady. Prime summer yellow 4.10-4.25; prime crude 3.25-3.50. Jan. 4.20, March 4.30, April 4.40, May 4.49, July 4.62, Sept. 4.75.

Call Money Steady.

NEW YORK, Jan. 8.—(AP)—Call money steady; 1 per cent all day.

Time loans easier; 60 days 3-4 to 1; 3-4 mos, 1@1 1-4; 5-6 mos 1 1-4@1 1-2 per cent.

Prime commercial paper 1 1-4.
Bankers acceptances unchanged.
30 days 5-8 to 1-2.
60-90 days 5-8 to 1-2.
4 mos. 7-8 to 3-4.
5-6 mos 1@7-8.

For Commissioner, Precinct 2.

To The Voters of Precinct 2 of Navarro County, Texas:

Again I want to thank the good people of Precinct 2 for the splendid vote given me in 1932, and express my appreciation for your assistance and cooperation during the year 1933 in the management of the affairs of the county. You remember in the campaign of 1932 I promised to render my very best service, be as economical with the county funds as possible and give you the advantage of every reduction where it was possible for me to do so.

I have tried to do that to the very best of my ability. If you will note the difference in your tax receipt this year and the years past, you will find there has been a nice reduction in valuations.

I am very proud to have had the opportunity of at least helping to give you this reduction.

Not only in tax reduction, but in road and bridge work it has been a pleasure to give you every accommodation possible, all of which I think you justly deserve.

When I took office Jan. 1, 1931 I found two good tractors, two almost worn out, one good grader, three worn out and the precinct $3,100.07 in debt. Now, I am not saying this for any criticism toward any one but have to mention these facts in order to give you some idea as to how I have handled the financial affairs of your ounty. Jan. 1, 1934 there are six good tractors, five good graders, all paid for, precinct out of debt with a credit of $8,687.34 cash. I am leaving it up to the good people of the precnict as to how the roads have been kept. I feel that three years of experience as your commissioner qualifies me for better service in the future than at any time in the past.

I do not say this boasting, but I am proud that the affairs of Precinct 2 have been handled during three of the hardest years and the worst depression in the history of the county and came out on a cash basis.

At this time I request that you seriously investigate my record in office and if you find that I have faithfully administered the affairs of the office in an economical manner, then, that you give me your vote and support in the 1934 primaries and general election for re-election to the office of county commissioner, Precint 2, Navarro County Texas.

J. O. SESSIONS.

(Pol. Adv.)

Grains and Provisions

Fort Worth Cash Grain.

FORT WORTH, Jan. 8.—(AP)—Fair demand was reported as the week started on the Fort Worth cash grain market.

Prices today ranged as follows, basis car loads on track at Fort Worth, freight paid to delivery point:

Delivered Texas Gulf ports, export rate or Texas common points:

Wheat No. 1 hard 90 1-4@91 1-4.

Barley No. 2 nominolly 58-59; No. 3 nominally 57-58.

Sorghums No. 2 milo per hundred lbs nominally 1.13-15; No. 3 milo nominally 1-10-12; No. 2 kafir nominally 96-97; No. 3 kafir nominally 94-95.

Delivered Texas common points or group three:

Corn No. 2 white 65 1-4@65 3-4; No. 2 yellow 64 3-4@65 1-4.

Oats No. 2 red 46 1-2@47 1-2; No. 3 Red 45 1-2@46 1-2.

Grains Held Steady.

CHICAGO, Jan. 8.—(AP)—Awaitnng fresh developments at Washington, especially in regard to monetary conditions, grains late today reacted from early advances, and held about steady with Saturday's close.

A decrease of 2,365,000 bushels in the United States wheat visible supply reduced the total to 122,314,000 bushels compared with 161,082,000 a year ago. A leading trade authority said there was a false appearance of plenty of grain at present but the effect of 1933 short production would become more evident in the future.

Wheat closed easy, unchanged to 3-8 lower compared with Saturday's finish, corn unchanged to 1-4 higher, oats 1-8 to 3-8 up, and provisions varying from 7 cents decline to a rise of 20 cents.

Poultry Firm.

CHICAGO, Jan. 8.—(AP)—Poultry firm; hens 12 1-2; Leghorn hens 11; Rock springs 15, colored 14; Leghorn chickens 11; roosters 8; hen turkeys 14, young toms 14, old toms 12, No. 2 10; ducks 9-11; geese 10.

Dressed turkeys firm: young hens 19; young toms 20; old hens and toms 16; No. 2, 12.

Butter and Eggs Steady.

CHICAGO, Jan. 8.—(AP)—Butter, steady; creamery specials (93 score) 18 1-4@19; extras (92) 18; extra firsts (90-91) 17 1-4 1-2; firsts (88-89) 16 3-4 @17, seconds (86-87) 16; standards (90 centralized carlots) 18.

Eggs, steady: extra firsts 21; fresh graded firsts 19-20; Current receipts 18.

Livestock

Fort Worth Livestock.

FORT WORTH, Jan. 8.—(AP)—(U. S. D. A.)—HOGS: 1,600; steady to 10 lower; top 3.65; bulk good to choice 165-200 lbs truck hogs 3.35; medium to good lightweight rail hogs 3.40; butcher pigs averaging 130-140 lbs 2.00-50; packing sows 2.75-3.00.

CATTLE: 1,300; Calves: 1,200; cows active, strong to 15 higher; othtr classes steady; steers 2.65-4.00; few good fed yearlings 4.25-5.00; one load good fat cows 2.65; odd lots up to 2.75; butcher cows around 2.00; cutter and low cutters 1.00-65; stockers nominal; calves, good heavies 3.50-4.25, including one liad at 4.10.

SHEEP: 800; mostly fat lambs, steady good to choice wooled fed lambs 6.50-7.00.

Chicago Livestock.

CHICAGO, Jan. 8.—(AP)—(U.S.D. A.)—HOGS: 45,000; 5-10 lower; bulk 160-200 lbs 3.40-65; pigs 2.50-3.00; packing sows 2.50-80.

CATTLE 16,000; Calves 1,500; yearlings and light steers firm; medium weight and weighty steers steady to weak; strictly good and choice steady; slaughter steers, good and choice, 550-1500 lbs 4.00-7.00; heifers, good and choice 550-750 lbs 4.50-6.50; cows, good, 3.00-4.00; bulls (yearlings excluded), good (beef) 3.00-50; vealers, good and choice, 4.50-6.00; stocker and feeder steers, good and choice, 500-1050 lbs 3.75 5.00.

SHEEP: 18,000; fat lambs weak; asking steady on aged sheep; feeding lambs active; lambs, 90 lbs down, good and choice 7.50-8.25- 90-98 lbs good and choice 7.00-8.10; ewes, 90-150 lbs, good and choice 2.25-4.00; feeding lambs 50-75 lbs good and choice 6.00-75.

Kansas City Livestock.

KANSAS CITY, Jan. 8.—(AP)—(U. S. D. A.)—HOGS: 4,000; 1,000 direct; steady to 5 lower than Friday's average; top 3.40 on choice 180-210 lbs.

CATTLE: 13,000; Calves: 1,500; medium weight and heavy steers tending lower; lower grades cows strong to 25 higher; other killing classes opening steady; stockers and feeders in liberal supply, a few sales about steady; choice steers 6.40; vealers (milk fed), medium to choice 3.00-6.00; cows, good, 2.85-3.25; stocker and feeder steers, good and choice, 3.50-5.00.

SHEEP: 6,500; few opening sales native lambs about steady; sheep strong; top native lambs 7.50; fed lambs held above 7.00; lambs, good and choice (x) 90 lbs down, 7.00-60; yearling wethers, medium o choice 4.00-6.00; ewes, good and choice, 2.50-3.75.

(x)—Quotations based on ewes and wethers.

For Commissioner Precinct No. 4.

In another place in today's paper will be found the formal announcement of W. D. Clark as a candidate for the office of commissioner Precinct No. 4, Navarro county, subject to the action of the democratic primaries.

Mr. Clark is a resident of the Purdon community and has lived practically his entire life in the precinct where he seeks the office of commissioner. He is a married man and successful farmer. He is held in the highest esteem by all who known him and his many friends feel that through experience he is well equipped to dispose of any matters coming before him should he be elected to the office of commissioner.

His many friends urge the voters of Precinct No. 4 to seriously consider the candidacy of Mr. Clark when they cast their ballot for this important office.

BRYAN PHYSICIAN DIED OF INJURIES IN AUTO ACCIDENT

BRYAN, Jan. 8.—Dr. B. U. Sims, 56, Bryan physician, died Saturday afternoon from injuries received in an automobile wreck Friday night in a three-way collision three miles north of Bryan on Highway No. 6. Dr. Sims was a son of the late Col Milton Walker Sims, a Colonel in the Confederate army, and his wife, Mrs. Patti Wilson Sims.

He was born and reared in Bryan. He graduated from the Bryan high school, A. and M. College and later secured his M. D. degree from Tulane University in New Orleans. He was a surgeon in the World War, with the rank of captain, and was a member of Earl Graham Post, American Legion of Bryan.

He is survived by his wife and two daughters, Mrs. Stanley Bransford of Fort Worth and Mrs. Lyman Reed of Bryan, and his mother, Mrs. Patti Wilson Sims; one sister, Mrs. Charles H. Mills of Corsicana, and one brother, M. W. Sims of Bryan.

R. V. Martin of Gause, Texas, and Frank Glover of New Mexico were killed Friday in the wreck. Mrs. Max Zimmerman of Galveston was injured.

Mrs. Chas. H. Mills left early Saturday morning to be at her brother's bedside and J. N. Garitty and Johnnie Garitty attended the funeral of Dr. Sims which was held Sunday afternoon at 4 o'clock with burial in Bryan.

IMPORTANT MEETING NAVARRO HI-SCHOOL WEDNESDAY NIGHT

An important meeting will be held Wednesday night at 7:30 o'clock at the Navarro High school it was announced by C. G. Brock, vocational agricultural instructor. The cotton reduction contracts will be explained at this meeting and all farmers, tenants, landlords and all others interested are cordialy invited to be present.

PIONEER RESIDENT WORTHAM COMMUNITY DIED THERE MONDAY

WORTHAM, Jan. 8.—(Spl.)—G. A. Neill, age 87, prominent pioneer resident of the Wortham community, died at his home here Monday morning after a lengthy illness. Funeral rites will be at 2 o'clock Tuesday afternoon, at the Methodist Protestant church, and interment will be made in the Tehuacana cemetery.

Mr. Neill was born in Marshall county, Tenn., in 1846, and came to Texas with his parents, Mr. and Mrs. J. L. Neill, in 1856, where he lived until his death.

Surviving are his widow and five children, John B. Neill, of Orange Grove, Tex.; Mrs. A. B. Hays, Amarillo; George B. Neill, San Angelo; R. M. Neill, Odessa; and D. T. Neill, Clinton, Okla.

The funeral services will be conducted by Rev. J. A. Wade, and other local pastors.

H. C. DAVIS, Cashier.

Ford Branch Will Be Re-Opened Soon

Re-opening of the Dallas branch factory of the Ford Motor Company on Feb. 1, and the achieving of maximum production as soon as possible after that date, was announced Saturday in a letter from C. B. Ostrander, Ford branch manager, received by Dublin Motor Company, local distributors.

It was estimated that the reopening of the plant would affect some 10,000 people in the Dallas area alone, and would also speed up deliveries to all dealers in the state.

Charter No. 11022. Reserve District No. 11.
